Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

Section 1: Our school vision, aims and commitment

Vision

At Carfield Primary School, we are committed to safeguarding; we protect the welfare and safety of all members of our community. We respect and value each person as unique and safeguard their right to be themselves. We work together to create a healthy, active, caring and safe environment to protect the physical, emotional, social and mental welfare of all of our school community. We are proud of our inclusive and nurturing approach. We ensure that keeping children safe is at the heart of what we do. In addition to our core values, the following statements inform our provision and whole school philosophy:

Aims

- To support each child's development in ways that will foster security, confidence and resilience.
- To provide an environment in which children and young people feel safe, secure, valued and respected, feel confident and know how to approach adults if they are in difficulties.
- Use our curriculum to raise children's and parent's awareness and build confidence and skills
- To raise the awareness of all teaching and non-teaching staff of the need to safeguard children and of their responsibilities in identifying and reporting possible cases of abuse or neglect quickly and effectively, and to be aware of signs and symptoms of abuse in all children.
- To acknowledge the need for effective and appropriate communication between all members of staff in relation to safeguarding pupils.
- To develop effective working relationships with parents and carers and all other agencies involved
- Ensure that all adults within our school who have access to children have been checked as to their suitability.
- To promote an ordered and caring school environment where children, staff, carers and parents demonstrate the highest standards of personal and professional conduct and where children enjoy high levels of confidence and self-esteem

Commitment

We all have a statutory duty to **“safeguard and promote the welfare of children”**, (Working together to safeguard children, DfE 2018) up to the age of 18 years.

All people who work with our children will comply with safeguarding procedures in relation to recruitment, risk assessments, off and on site procedures, environmental safety, online safety and as part of their every day practice with children. It is the responsibility of all staff to know safeguarding procedures, apply the principles in practice, attend training and report any concerns.

(Last Updated: September 2023)

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

All staff will undergo an enhanced DBS check and it is their responsibility to notify the governors if there has been any change in their personal circumstances that may pose a threat to children.

1.1 Important contact information and details

If you have any concerns about the health and safety of a child or young person at this education setting or feel that something may be troubling them, you should share this information with an appropriate member of staff straight away.

Some issues such as a child's appearance, hygiene, general behaviour, can be shared with any teacher or member of support staff in this setting. Do not worry about reporting small matters – we would rather that you tell us things which turn out to be small than miss a worrying situation.

However, if you think that a child, a young person or an adult who cares for them has been or might be harmed; please talk to one of the people below immediately.

You can ask any member of staff to find them and ask them to speak to you straight away about a confidential and urgent matter.

The people you can talk to are:

The Designated Safeguarding Lead (DSL)

Name: Ms Bethan Arthur

Location: Inclusion office in the main building

Contact number: 0114 2557534

The Designated Safeguarding Deputy (DSD)

Name: Ms Hannan Mohammed

Location: Senior Leadership Team office in the main building

The Designated Safeguarding Deputy (DSD)

Name: Mrs Kay Johnson

Location: Inclusion office in the main building

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

The Designated Safeguarding Deputy (DSD)

Name: Mrs Emma Williams

Location: Pastoral office in top building (Block A)

The Designated Safeguarding Deputy for EYFS (DSD)

Name: Mrs Sarah Hutchinson

Location: Nursery in the main building

The Designated Safeguarding Deputy (DSD)

Name: Ms Afra Hugo

Location: Inclusion office in the main building

Working days (Monday/ Tuesday/ Friday)

The Designated Safeguarding Deputy for After School Club (DSD)

Name: Ms Adele Whiting

Location: The main building

Our Chair of Governors is Derek Grover

Our Safeguarding Governor is Derek Grover

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

An allegation or disclosure of abuse involving someone working with children or adults in a paid or unpaid capacity must be reported directly to the Head Teacher. If it involves the Head Teacher, it must be reported directly to the Chair of the Governing Body in writing as a private and confidential letter, or via email: chairgovernors@carfield.sheffield.sch.uk

Chair of the Governing Body: Derek Grover

If there is a conflict of interest in reporting to the headteacher or chair of governors, then it should go to the Local Authority Designated Officer (LADO)

- LADO (0114) 273 4855 (select option 3)

NSPCC: 0808 800 5000

SYP Prevent Team: 0800 789321

Safeguarding Hub: 0114 273 4855

- The Designated Safeguarding Lead is: **Bethan Arthur** (0114 2557534)
- The Designated Safeguarding Deputies are:
 - **Hannan Mohammed**
 - **Kay Johnson**
 - **Emma Williams**
 - **Afra Hugo (Monday/ Wednesday/ Friday)**
 - **Sarah Hutchinson (EYFS)**
 - **Adele Whiting (After School Club)**
- The Appointed Teacher for Looked after children/virtual School: **Bethan Arthur**
- The Appointed Teacher for SEND: **Bethan Arthur**
- The Designated Link Governor for Safeguarding is: **Derek Grover**
- The Designated link Governor for Looked after Children (Child in Care) is: **Derek Grover**
- LADO and Prevent (Local Authority Designated Officer): **Andrew Adedoyin/ Sharon Haigh**: LADO (0114) 273 4855 (select option 3)
- Online safety co-ordinator: **Emma Williams/ Bethan Arthhur**
- Learning Mentor (or equivalent): develops strategies & support to help pupils achieve their full potential:
 - **Kay Johnson**
 - **Emma Williams**
- **Police Non Emergencies: 101**

1.2 Our Responsibilities, Legislation and Statutory Guidance

Safeguarding and child protection is everyone's responsibility. This policy applies to all staff, volunteers and trustees in the academy and is consistent with the procedures of the 3 safeguarding partners. These are the CCG (Clinical Commissioning Group), the Police and the Sheffield Safeguarding Children Partnership. Appropriate information sharing, in line with the data protection act and GDPR, across our safeguarding partners is key to the successful implementation of this policy.

Carfield Primary School fully recognises its responsibilities for child protection and safeguarding. This overarching policy sets out how we will deliver these responsibilities. Our policy is underpinned and written in reference to the following guidance:

- "Keeping Children Safe in Education" (2023) which is the statutory guidance for Schools and Colleges
- "Sexual violence and sexual harassment between children in schools and colleges" (September 2021) produced by the Department for Education
- "Working Together to Safeguard Children (July 2018, updated December 2020)" which is statutory guidance to be read and followed by all those providing services for children and families, including those in education.
- "What to do if worried a child is being abused" (March 2015)
- "Information Sharing: Advice for practitioners providing safeguarding services to children, young people, parents and carers (July 2018)
- "The Prevent Duty Departmental, advice for Schools and child care providers" (June 2015)
- The Counter- Terrorism and Security Act 2015
- The Children Act 1989 and 2004
- The Children and Families Act 2014
- Section 175 of the 2002 Education Act
- Ofsted Safeguarding Advice (September 2020)
- The Equality Act 2010
- Female Genital Mutilation Act 2003 (as inserted by the Serious Crime Act 2015)
- The UK General Data Protection Regulation (UK GDPR)
- Data Protection Act 2018
- The Childcare (Disqualification) and Childcare (Early Years Provision Free of Charge) (Extended Entitlement) (Amendment) Regulations 2018
- Voyeurism (Offences) Act 2019
- Domestic Abuse Act 2021

(Last Updated: September 2023)

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

- HM Government (2020) 'Multi-agency statutory guidance on female genital mutilation'
- HM Government (2013) 'Multi-agency practice guidelines: Handling cases of Forced Marriage'
- HM Government (2021) 'Channel Duty Guidance: Protecting people vulnerable to being drawn into terrorism'
- DfE (2018) 'Working Together to Safeguard Children'
- DfE (2015) 'The Prevent duty'
- DfE (2018) 'Disqualification under the Childcare Act 2006'

Furthermore, we will follow the policies and procedures set out by the Sheffield Safeguarding Children Partnership (SSCP). These can be found in the offices on both sites and in every classroom. We carry out an annual audit of our safeguarding provision (S175 Safeguarding Audit, which is a requirement of the Education Act 2002 & 2006) a copy of which is sent to the SSCP.

The Designated Safeguarding Lead (DSL) is **Bethan Arthur**. In the absence of the DSL, child protection matters will be dealt with by Designated Safeguarding Deputies (DSD's) **Hannan Mohammed/ Kay Johnson/ Emma Williams/ Afra Hugo/ Sarah Hutchinson/ Adele Whiting (After School Club)**. The DSL and deputy DSD's will complete the full advanced safeguarding training provided by Sheffield Safeguarding Partnership and will attend advanced safeguarding training refreshers in the interim period every 12 months.

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

1.3 Our Principles

Safeguarding arrangements at Carfield Primary School are underpinned by these key principles:

- Safeguarding is everyone's responsibility: anyone who has contact with a child or young person including governors and volunteers should play their full part in keeping children safe
- We will aim to protect children using national, local and school child protection procedures by Identifying and making provision for any pupil that has been subject to, or is at risk of, abuse, neglect, or exploitation.
- We aim to work in partnership and have an important role in multi-agency safeguarding arrangements as set out by Working Together 2018 (update September 2020)
- Anyone who has contact with a child or young person has a clear understanding regarding abuse and neglect in all forms and understands how to identify, respond and report it. This also includes knowledge in the process for allegations against professionals.
- Staff, governors and volunteers, should feel confident that they can report any safeguarding concern to the school and that these will be dealt with in an appropriate manner.
- A child-centred approach: a clear understanding of the needs, wishes, views and voices of children.

Section 2: Recognising signs of abuse

2.1 Definitions

Safeguarding and promoting the welfare of children means:

- › Protecting children from maltreatment
- › Preventing impairment of children's mental and physical health or development
- › Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- › Taking action to enable all children to have the best outcomes

Child protection is part of this definition and refers to activities undertaken to prevent children suffering, or being likely to suffer, significant harm.

Abuse is a form of maltreatment of a child, and may involve inflicting harm or failing to act to prevent harm. Appendix 1 explains the different types of abuse.

Neglect is a form of abuse and is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Appendix 1 defines neglect in more detail.

Sharing of nudes and semi-nudes (also known as sexting or youth-produced sexual imagery) is where children share nude or semi-nude images, videos or live streams.

Children includes everyone under the age of 18.

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

The following 3 **safeguarding partners** are identified in Keeping Children Safe in Education (and defined in the Children Act 2004, as amended by chapter 2 of the Children and Social Work Act 2017). They will make arrangements to work together to safeguard and promote the welfare of local children, including identifying and responding to their needs:

- › The local authority (LA)
- › Integrated care boards (previously known as clinical commissioning groups) for an area within the LA
- › The chief officer of police for a police area in the LA area

Victim is a widely understood and recognised term, but we understand that not everyone who has been subjected to abuse considers themselves a victim, or would want to be described that way. When managing an incident, we will be prepared to use any term that the child involved feels most comfortable with.

Alleged perpetrator(s) and **perpetrator(s)** are widely used and recognised terms. However, we will think carefully about what terminology we use (especially in front of children) as, in some cases, abusive behaviour can be harmful to the perpetrator too. We will decide what's appropriate and which terms to use on a case-by-case basis.

2.2 Children who may require early help

All Staff (Governors and Volunteers) working within Carfield Primary School should be alert to the potential need for early help for children, following the procedures identified for initiating early help using the local and current Sheffield Safeguarding Partnership Threshold. Children who are most at risk are those who:

- Are disabled and have specific additional needs.
- Have special educational needs.
- Are a young carer.
- Are privately fostered.
- Have returned home to their family from care.
- Are showing signs of engaging in anti-social or criminal behaviour.
- Are in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health, and domestic violence.
- Are showing early signs of abuse and/or neglect.
- Are showing signs of displaying behaviour or views that are considered to be extreme.
- Are misusing drugs or alcohol themselves.
- Are not attending school or are at risk of exclusion from school.
- Frequently go missing/goes missing from care or from home.
- Are at risk of modern slavery, trafficking, exploitation, radicalised.

Carfield Primary School should work with statutory safeguarding partners to agree the levels for the different types of assessment and services to be commissioned and delivered, as part of the local arrangements. DSLs and their deputies need to familiarise themselves with local thresholds as published by other Safeguarding partners. This includes the process for the local early help assessment and the type and level of early help services to be provided, and the DSLs (and their deputies) will need to familiarise themselves with this document. Where a child is suffering, or is likely to suffer from harm, it is important that a referral to local authority children's social care (and if appropriate the police) is made immediately.

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

2.3 Child Abuse

Abuse is a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Harm can include ill treatment that is not physical as well as the impact of witnessing ill treatment of others. This can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children.

In relation to children, safeguarding and promoting their welfare is defined as:

- Protecting children from maltreatment.
- Preventing impairment of children's health or development.
- Ensuring that children are growing up in circumstances consistent with the provision of safe and effective care.
- Taking action to enable all children to have the best outcomes.

There are four types of child abuse as defined in 'Keeping Children Safe in Education':

- **Physical Abuse** is defined as a form of abuse which may involve actions such as hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical abuse can also be caused when a parent fabricates the symptoms of, or deliberately induces, illness in a child.
- **Emotional Abuse** is defined as the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. This may involve conveying to a child that they are worthless, unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child the opportunities to express their views, deliberately silencing them, 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children, such as interactions that are beyond their developmental capability, overprotection and limitation of exploration and learning, or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying, including cyberbullying, causing the child to frequently feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, but it may also occur alone.
- **Sexual Abuse** is defined as abuse that involves forcing or enticing a child to take part in sexual activities, not necessarily involving violence, and regardless of whether the child is aware of what is happening. This may involve physical contact, including assault by penetration, or non-penetrative acts, such as masturbation, kissing, rubbing, and touching outside of clothing. It may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can be perpetrated by people of any gender and age.

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

- **Neglect** is defined as the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in serious impairment of a child's health or development. This may involve a parent or carer failing to provide a child with adequate food, clothing or shelter (including exclusion from home or abandonment); failing to protect a child from physical or emotional harm or danger; failing to ensure adequate supervision (including through the use of inappropriate caregivers); or failing to ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

All staff should be aware of the indicators of abuse and neglect, and that abuse, neglect and other safeguarding issues are rarely standalone events that can be given a specific label, and multiple issues often overlap one another; therefore, staff will be vigilant and always raise concerns with the DSL.

All staff, especially the DSL and deputy DSD(s), need to be aware that safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside of these environments; this includes being aware that pupils can be at risk of abuse or exploitation in situations outside their families (extra-familial harms).

Bullying and forms of bullying on- and off-line including prejudice based and cyber bullying is also abusive and will include at least one or more, of the defined categories of abuse above. All staff should be aware that technology is a significant component in many safeguarding and wellbeing issues, including online abuse, cyberbullying, and the sharing of indecent images.

2.4 Physical Abuse

Most children will collect cuts and bruises and injuries, and these should always be interpreted in the context of the child's medical / social history, developmental stage and the explanation given. Most accidental bruises are seen over bony parts of the body, e.g. elbows, knees, shins, and are often on the front of the body. Some children, however, will have bruising that is more than likely inflicted rather than accidental.

Important indicators of physical abuse are bruises or injuries that are either unexplained or inconsistent with the explanation given; these can often be visible on the 'soft' parts of the body where accidental injuries are unlikely, e.g. cheeks, abdomen, back and buttocks. A delay in seeking medical treatment when it is obviously necessary is also a cause for concern. The physical signs of abuse may include:

- Unexplained bruising, marks or injuries on any part of the body
- Multiple bruises- in clusters, often on the upper arm, outside of the thigh
- Cigarette burns
- Human bite marks
- Broken bones
- Scalds, with upward splash marks.
- Multiple burns with a clearly demarcated edge.

Changes in behaviour that can also indicate physical abuse:

- Fear of parents being approached for an explanation
- Aggressive behaviour or severe temper outbursts

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

- Flinching when approached or touched
- Reluctance to get changed, for example in hot weather
- Depression
- Withdrawn behaviour
- Running away from home.

2.5 Emotional Abuse

Emotional abuse can be difficult to identify as there are often no outward physical signs. Indications may be a developmental delay due to a failure to thrive and grow, however, children who appear well-cared for may nevertheless be emotionally abused by being taunted, put down or belittled. They may receive little or no love, affection or attention from their parents or carers. Emotional abuse can also take the form of children not being allowed to mix or play with other children. Changes in behaviour which can indicate emotional abuse include:

- Neurotic behaviour e.g. sulking, hair twisting, rocking
- Being unable to play
- Fear of making mistakes
- Sudden speech disorders
- Self-harm
- Fear of parent being approached regarding their behaviour
- Developmental delay in terms of emotional progress.

2.6 Sexual Abuse

It is recognised that there is underreporting of sexual abuse within the family. All staff and volunteers should play a crucial role in identifying / reporting any concerns that they may have through, for example, the observation and play of younger children and understanding the indicators of behaviour in older children which may be underlining of such abuse.

All staff and volunteers should be aware that adults, who may be men, women or other children, who use children to meet their own sexual, needs abuse both girls and boys of all ages. Indications of sexual abuse may be physical or from the child's behaviour. In all cases, children who tell about sexual abuse do so because they want it to stop. It is important, therefore, that they are listened to and taken seriously. The physical signs of sexual abuse may include:

- Pain or itching in the genital area
- Bruising or bleeding near genital area
- Sexually transmitted disease
- Vaginal discharge or infection
- Stomach pains
- Discomfort when walking or sitting down
- Pregnancy.

Changes in behaviour which can also indicate sexual abuse include:

- Sudden or unexplained changes in behaviour e.g. becoming aggressive or withdrawn
- Fear of being left with a specific person or group of people
- Having nightmares
- Running away from home
- Sexual knowledge which is beyond their age, or developmental level
- Sexual drawings or language
- Bedwetting
- Eating problems such as overeating or anorexia

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

- Self-harm or mutilation, sometimes leading to suicide attempts
- Saying they have secrets they cannot tell anyone about
- Substance or drug abuse
- Suddenly having unexplained sources of money
- Not allowed to have friends (particularly in adolescence)
- Acting in a sexually explicit way towards adults.

2.7 Neglect

It can be difficult to recognise neglect, however its effects can be long term and damaging for children. Neglect is the ongoing failure to meet a child's basic needs and the most common form of child abuse. A child might be left hungry or dirty, or without proper clothing, shelter, supervision or health care. This can put children and young people in danger. And it can also have long term effects on their physical and mental wellbeing. The physical signs of neglect may include:

- Being constantly dirty or 'smelly'.
- Constant hunger, sometimes stealing food from other children.
- Losing weight, or being constantly underweight.
- Inappropriate or dirty clothing.

Neglect may be indicated by changes in behaviour which may include:

- Mentioning being left alone or unsupervised.
- Not having many friends.
- Complaining of being tired all the time.
- Not requesting medical assistance and/or failing to attend appointments.

2.8 Sexual violence, sexual abuse and sexual harassment

Sexual violence and sexual abuse can happen anywhere, and all staff working with children are advised to maintain an attitude of 'it could happen here'. Schools and colleges should be aware of and respond appropriately to all reports and concerns about sexual violence and/or sexual harassment both online and offline, including those that have happened outside of the school.

For the purposes of this policy, "consent" is defined as having the freedom and capacity to choose to engage in sexual activity. Consent may be given to one sort of sexual activity but not another, and can be withdrawn at any time during sexual activity and each time activity occurs. A person only consents to a sexual activity if they agree by choice to that activity, and has the freedom and capacity to make that choice. Children under the age of 13 can never consent to any sexual activity. Such behaviour would constitute to harmful sexual behaviour (HSB). The age of consent is 16.

Sexual violence refers to the following offences as defined under the Sexual Offences Act 2003:

- **Rape:** A person (A) commits an offence of rape if they intentionally penetrate the vagina, anus or mouth of another person (B) with their penis, B does not consent to the penetration, and A does not reasonably believe that B consents.
- **Assault by penetration:** A person (A) commits an offence if they intentionally penetrate the vagina or anus of another person (B) with a part of their body or anything else, the

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

penetration is sexual, B does not consent to the penetration, and A does not reasonably believe that B consents.

- **Sexual assault:** A person (A) commits an offence of sexual assault if they intentionally touch another person (B), the touching is sexual, B does not consent to the touching, and A does not reasonably believe that B consents.
- **Causing someone to engage in sexual activity without consent:** A person (A) commits an offence if they intentionally cause another person (B) to engage in an activity, the activity is sexual, B does not consent to engaging in the activity, and A does not reasonably believe that B consents. This could include forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party.

Sexual harassment refers to unwanted conduct of a sexual nature that occurs online or offline, inside or outside of school. Sexual harassment is likely to violate a pupil's dignity, make them feel intimidated, degraded or humiliated, and create a hostile, offensive, or sexualised environment. If left unchallenged, sexual harassment can create an atmosphere that normalises inappropriate behaviour and may lead to sexual violence. Sexual harassment can include, but is not limited to:

- Sexual comments, such as sexual stories, lewd comments, sexual remarks about clothes and appearance, and sexualised name-calling.
- Sexual "jokes" and taunting.
- Physical behaviour, such as deliberately brushing against someone, interfering with someone's clothes, and displaying images of a sexual nature.
- Online sexual harassment, which may be standalone or part of a wider pattern of sexual harassment and/or sexual violence. This includes:
 - The consensual and non-consensual sharing of nude and semi-nude images and/or videos
 - Sharing unwanted explicit content
 - Upskirting
 - Sexualised online bullying
 - Unwanted sexual comments and messages, including on social media
 - Sexual exploitation, coercion, and threats.

For the purposes of this policy, 'upskirting' refers to the act, as identified in the Voyeurism (Offences) Act 2019, of taking a picture or video under another person's clothing, without their knowledge or consent, with the intention of viewing that person's genitals or buttocks, with or without clothing, to obtain sexual gratification, or cause the victim humiliation, distress or alarm. Upskirting is a criminal offence. Anyone, including pupils and staff, of any gender can be a victim of upskirting.

For the purposes of this policy, the "consensual and non-consensual sharing of nude and semi-nude images and/or videos", colloquially known as "sexting", is defined as the sharing between pupils of sexually explicit content, including indecent imagery. For the purposes of this policy, "indecent imagery" is defined as an image which meets one or more of the following criteria:

- Nude or semi-nude sexual posing
- A child touching themselves in a sexual way

(Last Updated: September 2023)

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

- Any sexual activity involving a child
- Someone hurting a child sexually
- Sexual activity that involves animals

Section 3: Specific Safeguarding Issues

There are specific issues that have become critical issues in safeguarding. The school will endeavour to ensure their staff, governors and volunteers are familiar with these issues, namely:

- Bullying including cyber bullying
- Child Sexual Exploitation (CSE) and as defined by Working Together 2018 (Update September 2020)
- Children at risk of criminal exploitation (CRE) as defined by local safeguarding partnership procedures
- Domestic Violence
- Drugs
- Fabricated or induced illness
- Faith abuse
- Female Genital Mutilation (FGM)
- Forced Marriage
- Gangs and Youth Violence
- Gender based violence/Violence against women and girls (VAWG)
- Hate
- Mental Health
- Private Fostering
- Preventing Radicalisation
- On line abuse/Sexting
- Teenage Relationship abuse
- Trafficking
- Missing children and vulnerable adults
- Child sexual abuse within the family
- Poor parenting, particularly in relation to babies and young children

The school has a zero-tolerance approach to abuse, including child on child abuse.

3.1 Prevent Duties

Extremism refers to the vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty, and the mutual respect and tolerance of different faiths and beliefs. Extremism also includes calling for the death of members of the armed forces. Radicalisation refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.

Carfield Primary School will ensure all staff including governors and volunteers need to be aware of extremism, including the signs of it, alerts to concerning behaviours, and ideologies considered to be extreme. They need to have an understanding of the British Values agenda and adhere to their duties in the Prevent guidance 2015 to prevent radicalisation. Designated Safeguarding Leads/Deputies/School Leaders complete the Leadership Prevent Briefing via Learn Sheffield as this is mandatory training. Information regarding Prevent is then appropriately cascaded to staff.

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

The Headteacher, Hannan Mohammed, and Chair of Governors will:

- Establish or use existing mechanisms for understanding the risk of extremism;
- Ensure staff understand the risk and build capabilities to deal with issues arising
- Communicate the importance of the duty
- Provide appropriate and sufficient training on the Prevent duty
- Ensure all Staff (governors and volunteers) implement the duty.

Carfield Primary School will respond to any concern about Prevent as a safeguarding concern and will report in the usual way using local safeguarding procedures. This may include a referral into Channel using the case pathway process. We will seek to work in partnership, undertaking risk assessments where appropriate and proportionate to risk, building our children's resilience to radicalisation. We will use the relevant forms to record any concerns, keeping records which will be treated as a Child Protection Record, storing them as appropriate.

3.2 Contextual Safeguarding

All staff should be aware that safeguarding incidents and/or behaviours can be associated with factors outside the school or college and/or can occur between children outside of these environments. All staff, but especially the designated safeguarding lead (and deputies) should consider whether children are at risk of abuse or exploitation in situations outside their families. Extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, and serious youth violence.

3.3 Child Sexual Exploitation (CSE) & Children at Risk of Exploitation (CRE)

CSE is defined as a form of sexual abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity, for any of the following reasons:

- In exchange for something the victim needs or wants
- For the financial advantage, increased status or other advantage of the perpetrator or facilitator
- Through violence or the threat of violence

The school will recognise that CSE can occur over time or be a one-off occurrence, and may happen without the pupil's immediate knowledge, e.g. through others sharing videos or images of them on social media. The school will also recognise that pupils may not realise they are being exploited e.g. they believe they are in a genuine romantic relationship. We recognise this is relevant to both boys and girls. Risk factors may include:

- Going missing, staying out unusually late
- Engagement in offending
- Disengagement from education

(Last Updated: September 2023)

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

- Using drugs or alcohol
- Unexplained gifts/money
- Overly secretive
- Repeat concerns about sexual health
- Decline in emotional wellbeing
- Unexplained Absence from school
- Association in gangs
- Unexplained injuries
- Carrying weapons, access to or carrying unusual number of mobile phones

All suspected or actual cases of CSE/CRE are a safeguarding concern in which child protection procedures will be followed; this will include a referral to the police. If any staff are concerned about a pupil, they should refer to the Designated Safeguarding Lead/s within the school.

3.4 Child criminal exploitation (CCE) including County Lines

Children and young people involved with gangs and criminal exploitation need help and support. This can include those involved in serious violent crime. They might be victims of violence or pressured into doing things like stealing or carrying drugs or weapons. They might be abused, exploited and put into dangerous situations.

For the purposes of this policy, “child criminal exploitation” is defined as a form of abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into taking part in criminal activity, for any of the following reasons:

- In exchange for something the victim needs or wants
- For the financial advantage or other advantage of the perpetrator or facilitator
- Through violence or the threat of violence

Specific forms of CCE can include:

- Being forced or manipulated into transporting drugs or money through county lines.
- Working in cannabis factories.
- Shoplifting or pickpocketing.
- Committing vehicle crime.
- Committing, or threatening to commit, serious violence to others.

County lines is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs using dedicated mobile phone lines or other form of ‘deal line’. This activity can happen locally as well as across the UK - no specified distance of travel is required. Children and vulnerable adults are exploited to move, store and sell drugs and money. Offenders will often use coercion, intimidation, violence (including sexual violence) and weapons to ensure compliance of victims. Signs which may indicate criminal exploitation:

- Persistently going missing from school or home and / or being found out-of-area
- Unexplained acquisition of money, clothes, or mobile phones or unexplained injuries
- Excessive receipt of texts /phone calls
- Relationships with controlling /older individuals or groups or changes in relationships
- Leaving home / care without explanation
- Suspicion of physical assault /unexplained injuries

(Last Updated: September 2023)

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

- Parental concerns
- Carrying weapons
- Significant decline in school results / performance
- Gang association or isolation from peers or social networks
- Self-harm or significant changes in emotional well-being

More specific indicators that a pupil may be involved in county lines include:

- Going missing and subsequently being found in areas away from their home.
- Having been the victim or perpetrator of serious violence, e.g. knife crime.
- Receiving requests for drugs via a phone line.
- Moving drugs.
- Handing over and collecting money for drugs.
- Being exposed to techniques such as 'plugging', where drugs are concealed internally to avoid detection.
- Being found in accommodation they have no connection with or a hotel room where there is drug activity.
- Owning a 'debt bond' to their exploiters.
- Having their bank account used to facilitate drug dealing.

Criminal exploitation of children is a safeguarding concern and will require a discussion with the DSL who will seek advice from agencies and professionals. This will mean a referral into the Police and Social Care.

3.5 Carrying knives/offensive Weapons & Gang Culture

Children bringing and carrying a knife/offensive weapon onto Carfield's premises is a criminal offence and immediate action will be taken by calling the police. The guidance on 'Searching, Screening and Confiscation for Head teachers, schools and Governors, January 2018' will be consulted and we will consider and may apply the disciplinary procedure.

If a member of staff suspects a pupil/student being involved in gang culture, this is a safeguarding concern and will require a discussion with the DSL who will seek advice from agencies and professionals including reference to the safeguarding procedures as outlined by the local authority.

3.6 Sharing of nudes and semi-nudes ('sexting')

Your responsibilities when responding to an incident

If you are made aware of an incident involving the consensual or non-consensual sharing of nude or semi-nude images/videos (also known as 'sexting' or 'youth produced sexual imagery'), you must report it to the DSL immediately.

You must **not**:

- › View, copy, print, share, store or save the imagery yourself, or ask a pupil to share or download it (if you have already viewed the imagery by accident, you must report this to the DSL)
- › Delete the imagery or ask the pupil to delete it
- › Ask the pupil(s) who are involved in the incident to disclose information regarding the imagery (this is the DSL's responsibility)

(Last Updated: September 2023)

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

- › Share information about the incident with other members of staff, the pupil(s) it involves or their, or other, parents and/or carers
- › Say or do anything to blame or shame any young people involved

You should explain that you need to report the incident, and reassure the pupil(s) that they will receive support and help from the DSL.

Initial review meeting

Following a report of an incident, the DSL will hold an initial review meeting with appropriate school staff – this may include the staff member who reported the incident and the safeguarding or leadership team that deals with safeguarding concerns. This meeting will consider the initial evidence and aim to determine:

- › Whether there is an immediate risk to pupil(s)
- › If a referral needs to be made to the police and/or children's social care
- › If it is necessary to view the image(s) in order to safeguard the young person (in most cases, images or videos should not be viewed)
- › What further information is required to decide on the best response
- › Whether the image(s) has been shared widely and via what services and/or platforms (this may be unknown)
- › Whether immediate action should be taken to delete or remove images or videos from devices or online services
- › Any relevant facts about the pupils involved which would influence risk assessment
- › If there is a need to contact another school, college, setting or individual
- › Whether to contact parents or carers of the pupils involved (in most cases parents/carers should be involved)

The DSL will make an immediate referral to police and/or children's social care if:

- › The incident involves an adult
- › There is reason to believe that a young person has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent (for example, owing to SEN)
- › What the DSL knows about the images or videos suggests the content depicts sexual acts which are unusual for the young person's developmental stage, or are violent
- › The imagery involves sexual acts and any pupil in the images or videos is under 13
- › The DSL has reason to believe a pupil is at immediate risk of harm owing to the sharing of nudes and semi-nudes (for example, the young person is presenting as suicidal or self-harming)

If none of the above apply then the DSL, in consultation with the headteacher and other members of staff as appropriate, may decide to respond to the incident without involving the police or children's social care. The decision will be made and recorded in line with the procedures set out in this policy.

Further review by the DSL

If at the initial review stage a decision has been made not to refer to police and/or children's social care, the DSL will conduct a further review to establish the facts and assess the risks.

They will hold interviews with the pupils involved (if appropriate).

If at any point in the process there is a concern that a pupil has been harmed or is at risk of harm, a referral will be made to children's social care and/or the police immediately.

(Last Updated: September 2023)

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

Informing parents/carers

The DSL will inform parents/carers at an early stage and keep them involved in the process, unless there is a good reason to believe that involving them would put the pupil at risk of harm.

Referring to the police

If it is necessary to refer an incident to the police, this will be done through dialling 101.

Recording incidents

All incidents of sharing of nudes and semi-nudes, and the decisions made in responding to them, will be recorded. The record-keeping arrangements set out in section 14 of this policy also apply to recording these incidents.

Curriculum coverage

Pupils are taught about the issues surrounding the sharing of nudes and semi-nudes as part of our [sex and relationships education and computing programmes. Teaching covers the following in relation to the sharing of nudes and semi-nudes:

- › What it is
- › How it is most likely to be encountered
- › The consequences of requesting, forwarding or providing such images, including when it is and is not abusive and when it may be deemed as online sexual harassment
- › Issues of legality
- › The risk of damage to people's feelings and reputation

Pupils also learn the strategies and skills needed to manage:

- › Specific requests or pressure to provide (or forward) such images
- › The receipt of such images

This policy on the sharing of nudes and semi-nudes is also shared with pupils so they are aware of the processes the school will follow in the event of an incident.

3.7 Online safety and the use of mobile technology

We recognise the importance of safeguarding children from potentially harmful and inappropriate online material, and we understand that technology is a significant component in many safeguarding and wellbeing issues.

To address this, our school aims to:

- › Have robust processes (including filtering and monitoring systems) in place to ensure the online safety of pupils, staff, volunteers and governors
- › Protect and educate the whole school community in its safe and responsible use of technology, including mobile and smart technology (which we refer to as 'mobile phones')
- › Set clear guidelines for the use of mobile phones for the whole school community
- › Establish clear mechanisms to identify, intervene in and escalate any incidents or concerns, where appropriate

(Last Updated: September 2023)

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

The 4 key categories of risk

Our approach to online safety is based on addressing the following categories of risk:

- › **Content** – being exposed to illegal, inappropriate or harmful content, such as pornography, fake news, racism, misogyny, self-harm, suicide, antisemitism, radicalisation and extremism
- › **Contact** – being subjected to harmful online interaction with other users, such as peer-to-peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes
- › **Conduct** – personal online behaviour that increases the likelihood of, or causes, harm, such as making, sending and receiving explicit images (e.g. consensual and non-consensual sharing of nudes and semi-nudes and/or pornography), sharing other explicit images and online bullying; and
- › **Commerce** – risks such as online gambling, inappropriate advertising, phishing and/or financial scams

To meet our aims and address the risks above, we will:

- › Educate pupils about online safety as part of our curriculum. For example:
 - The safe use of social media, the internet and technology
 - Keeping personal information private
 - How to recognise unacceptable behaviour online
 - How to report any incidents of cyber-bullying, ensuring pupils are encouraged to do so, including where they're a witness rather than a victim
- › Train staff, as part of their induction, on safe internet use and online safeguarding issues including cyber-bullying, the risks of online radicalisation, and the expectations, roles and responsibilities around filtering and monitoring. All staff members will receive refresher training as required and at least once each academic year
- › Educate parents/carers about online safety via our website, communications sent directly to them and during parents' evenings. We will also share clear procedures with them so they know how to raise concerns about online safety
- › Make sure staff are aware of any restrictions placed on them with regards to the use of their mobile phone and cameras, for example that:
 - Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when pupils are not present
 - Staff will not take pictures or recordings of pupils on their personal phones or cameras
- › Make all pupils, parents/carers, staff, volunteers and governors aware that they are expected to sign an agreement regarding the acceptable use of the internet in school, use of the school's ICT systems and use of their mobile and smart technology
- › Explain the sanctions we will use if a pupil is in breach of our policies on the acceptable use of the internet and mobile phones

(Last Updated: September 2023)

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

- › Make sure all staff, pupils and parents/carers are aware that staff have the power to search pupils' phones, as set out in the DfE's guidance on searching, screening and confiscation
- › Put in place robust filtering and monitoring systems to limit children's exposure to the 4 key categories of risk (described above) from the school's IT systems.
- › Carry out an annual review of our approach to online safety, supported by an annual risk assessment that considers and reflects the risks faced by our school community
- › Provide regular safeguarding and children protection updates including online safety to all staff, at least annually, in order to continue to provide them with the relevant skills and knowledge to safeguard effectively
- › Review the child protection and safeguarding policy, including online safety, annually and ensure the procedures and implementation are updated and reviewed regularly

This section summarises our approach to online safety and mobile phone use. For full details about our school's policies in these areas, please refer to our online safety policy and mobile phone policies which can be found on our website.

Personal Mobile Phones and Smart Watches

Carfield Primary School allows staff to bring in personal mobile telephones and devices for their own use.

Staff/Volunteers/ Supply teachers/Visitors are not permitted to make/receive calls/texts during contact time with children. Emergency contact should be made via the school office

. • Staff should have their phones on silent or switched off and out of sight (e.g. in a drawer or cupboard) during class time. Smart watches can be worn during school day but the camera, messaging and call services must be disabled.

• Mobile phones should not be used in a space where children are present (eg. classroom, playground).

• Use of phones (including receiving/sending texts and emails on smart watches and mobile phones) should be limited to noncontact time when no children are present e.g. in office areas, staff room, empty classrooms.

• It is also advised that staff security protect access to functions of their phone/smart watch.

• Should there be exceptional circumstances (e.g. acutely sick relative), then staff should make the Head teacher aware of this, gain permission from the headteacher and arrangements will be made.

• Staff are not at any time permitted to use recording equipment on their mobile phones/smart watches, for example: to take recordings of children, or sharing images. Legitimate recordings and photographs should be captured using school equipment such as cameras and iPad. Music and downloadable apps must not be played in lessons from a mobile phone.

• Staff should report any usage of mobile devices that causes them concern to the Head teacher.

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

Exceptional Circumstances

If staff have a personal emergency they are free to use the school's phone or make a personal call from their mobile in the office or the staff room. If any staff member has a family emergency or similar and required to keep their mobile phone to hand, prior permission must be sought from the Headteacher.

Mobile Phones for work related purposes

We recognise that mobile phones provide a useful means of communication during offsite activities. However, staff should ensure that:

- Mobile use on these occasions is appropriate and professional.
- Mobile phones should not be used to make contact with parents during school trips unless using the school mobile phone – all relevant communications should be made via the school office.
- Where parents are accompanying trips they are informed not to make contact with other parents (via calls, text, email or social networking) during the trip or use their phone/smart watch to take photographs of children.

Code of conduct

- Staff should have their phones on silent or switched off and out of sight (e.g. in a drawer or cupboard) during class time. Smart watches can be worn during school day but the camera, messaging and call services must be disabled.
- It is the responsibility of all members of staff to be vigilant and report any concerns to the Headteacher.
- Users bringing personal devices into school must ensure there is no inappropriate or illegal content on the device.
- Concerns will be taken seriously, logged and investigated appropriately (see allegations against a member of staff policy).
- Mobile phones must not be used to take photographs of children.
- Should inappropriate material be found then the Senior Leadership Team or Designated Safeguarding Lead will be contacted immediately. We will follow the guidance from the Local Authority as to the appropriate measures in line with the school's disciplinary policy.

Pupils- Personal Mobiles and Smart Watches

We recognise that mobile phones/smart watches are part of everyday life for many children and that they can play an important role in helping pupils to feel safe and secure. However, we also recognise that they can prove a distraction in school and can provide a means of bullying or intimidating others. Therefore:

- Pupils are not permitted to have mobile phones at school unless they are in Year 6. These phones will be collected by the class teacher locked away and given out at the end of the day (the phone is left at the owner's own risk).

(Last Updated: September 2023)

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

- Smart watches should not be brought to school, they may be valuable and could be lost or stolen.

Where a pupil is found to be in unauthorised possession of a mobile phone/smart watch, the phone/watch will be confiscated by the Headteacher, locked away in the school safe and returned only to the parent/carer. Where mobile phones are used in or out of school to bully or intimidate others, then the head teacher does have the power to intervene 'to such an extent as it is reasonable to regulate the behaviour of pupils when they are off the school site.'

Related Technology

The procedures applying to the inappropriate use and security of mobile phones, apply equally to the inappropriate use of portable computer games, Ipads, Ipods and similar devices. Music can be played through Ipods where only appropriate and suitable music is stored.

3.8 Online Safety including filters and monitoring

There is a comprehensive Online Safety Policy in place to support children's understanding of the risks related to being online. This can be identified within our computing and PHSE curriculum.

We will check that Carfield Primary School's filtering provider is signed up to relevant lists (CSA content, Sexual Content, Terrorist content Your Internet Connection Blocks Child Abuse & Terrorist Content). Staff have all signed the acceptable use policy and this has been shared in staff meetings. This training includes use of filter (Spam Titan) systems. In accordance with our online safety policy, any incidents flagged through filtering will be recorded and acted upon (see appendix 4 of online safety policy).

3.9 Female Genital Mutilation (FGM) and 'Honour-Based' Abuse (HBA)

So-called 'honour-based' abuse (HBA) encompasses incidents or crimes committed to protect or defend the honour of the family and/or community, including FGM, forced marriage, and practices such as breast ironing. Abuse committed in this context often involves a wider network of family or community pressure and can include multiple perpetrators.

All forms of HBA are abuse and will be handled and escalated as such. All staff will be alert to the possibility of a child being at risk of HBA or already having suffered it. If staff have a concern, they will speak to the DSL, who will activate local safeguarding procedures.

Female Genital Mutilation (FGM)

"Female genital mutilation (FGM) comprises all procedures that involve partial or total removal of the external female genitalia, or other injury to the female genital organs for non-medical reasons." (World Health Organisation, 2016)

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

FGM has been an embedded practice for centuries in some countries in the world including Africa, the Middle East, Iran, Iraq, Oman, the United Arab Emirates, the Occupied Palestinian Territories, India, Indonesia, Malaysia and Pakistan (DH, 2015).

The World Health Organisation estimated that between 100 to 140 million women and girls worldwide have undergone FGM, but prevalence of FGM in the UK is difficult to estimate because of the hidden nature of the crime.

All suspected or actual cases of FGM are a safeguarding concern and safeguarding procedures will be followed. This will include a referral to the police. If any staff are concerned about a pupil, they will refer to the Designated Safeguarding Lead/s within the School.

It is a mandatory reporting duty for all teachers to report to the police where it is believed an act of FGM has been carried out on a girl under 18 in the UK. Failure to do so may result in disciplinary action being taken.

There are 4 types of FGM, mainly carried out on girls between the ages of five and ten. In some countries it is practised on babies as young as two or three days old and in other areas, it is practised prior to marriage or as part of the wedding rituals.

It is the parent's decision as to whether their daughters are 'cut', but they face tremendous pressure from older members of their families, especially, if they return to their country of origin. In most countries, including the UK, FGM is illegal. Signs may include:

- Being repeatedly absent from school or absent for a prolonged period
- Not participating in Physical Education
- Unauthorised and or extended leave, vague explanations or plans for removal of a female in a high risk category (parents from a country who are known to practice FGM) especially over the summer period
- Plans to take a holiday which may be unauthorised, unexplained or extended in a country known to practice FGM
- Having difficulty walking, sitting or standing, or looking uncomfortable
- Finding it hard to sit still for long periods of time (where this was not a problem previously)
- Spending longer than normal in the bathroom or toilet due to difficulties urinating, or having frequent urinary, menstrual or stomach problems
- Demonstrating increased emotional and psychological needs – for example, withdrawal or depression, or significant change in behaviour
- Being reluctant to undergo any medical examinations
- Asking for help, but not being explicit about the problem
- Talking about pain or discomfort between her legs

Potential signs that a pupil may be at risk of FGM include:

- The girl's family having a history of practising FGM (this is the biggest risk factor to consider)
- FGM being known to be practised in the girl's community or country of origin
- A parent or family member expressing concern that FGM may be carried out

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

- A family not engaging with professionals (health, education or other) or already being known to social care in relation to other safeguarding issues
- A girl:
 - Having a mother, older sibling or cousin who has undergone FGM
 - Having limited level of integration within UK society
 - Confiding to a professional that she is to have a “special procedure” or to attend a special occasion to “become a woman”
 - Talking about a long holiday to her country of origin or another country where the practice is prevalent, or parents stating that they or a relative will take the girl out of the country for a prolonged period
 - Requesting help from a teacher or another adult because she is aware or suspects that she is at immediate risk of FGM
 - Talking about FGM in conversation – for example, a girl may tell other children about it (although it is important to take into account the context of the discussion)
 - Having sections missing from her ‘red book’ (child health record) and/or attending a travel clinic or equivalent for vaccinations/anti-malarial medication

The above indicators and risk factors are not intended to be exhaustive.

Forced Marriage

Forcing a person into marriage is a crime. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats, or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological.

Staff will receive training around forced marriage and the presenting symptoms. We are aware of the ‘one chance’ rule, i.e. we may only have one chance to speak to the potential victim and only one chance to save them. If a member of staff suspects that a pupil is being forced into marriage, they should speak to the pupil about their concerns in a secure and private place. They will then report this to the DSL.

The DSL will: speak to the pupil about the concerns in a secure and private place, activate the local safeguarding procedures and refer the case to the local authority’s designated officer, seek advice from the Forced Marriage Unit on 020 7008 0151 or fmu@fco.gov.uk, refer the pupil to an education welfare officer, class teacher, learning mentor, or member of the leadership team as appropriate.

3.10 Allegations and procedures of abuse against other children/child on child abuse including sexual harassment

We recognise that children are capable of abusing their peers. Abuse will never be tolerated or passed off as “banter”, “just having a laugh” or “part of growing up”, as this can lead to a culture of unacceptable behaviours and an unsafe environment for pupils.

We also recognise the gendered nature of child-on-child abuse. However, all child-on-child abuse is unacceptable and will be taken seriously.

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

Most cases of pupils hurting other pupils will be dealt with under our school's behaviour policy, but this child protection and safeguarding policy will apply to any allegations that raise safeguarding concerns. This might include where the alleged behaviour:

- › Is serious, and potentially a criminal offence
- › Could put pupils in the school at risk
- › Is violent
- › Involves pupils being forced to use drugs or alcohol
- › Involves sexual exploitation, sexual abuse or sexual harassment, such as indecent exposure, sexual assault, upskirting or sexually inappropriate pictures or videos (including the sharing of nudes and semi-nudes)

See appendix 1 for more information about child-on-child abuse.

Procedures for dealing with allegations of child-on-child abuse

If a pupil makes an allegation of abuse against another pupil:

- › You must record the allegation and tell the DSL, but do not investigate it
- › The DSL will contact the local authority children's social care team and follow its advice, as well as the police if the allegation involves a potential criminal offence
- › The DSL will put a risk assessment and support plan into place for all children involved (including the victim(s), the child(ren) against whom the allegation has been made and any others affected) with a named person they can talk to if needed. This will include considering school transport as a potentially vulnerable place for a victim or alleged perpetrator(s)
- › The DSL will contact the children and adolescent mental health services (CAMHS), if appropriate

If the incident is a criminal offence and there are delays in the criminal process, the DSL will work closely with the police (and other agencies as required) while protecting children and/or taking any disciplinary measures against the alleged perpetrator. We will ask the police if we have any questions about the investigation.

We will challenge this type of abuse and will use the curriculum to address and tackle child on child abuse. Pupils will be made aware of how to raise concerns or make a report and how any reports will be handled. This includes the process for reporting concerns about friends or peers. Pupils will also be reassured that they will be taken seriously, be supported, and kept safe.

In school, we record any incident of child on child abuse. This includes an explicit category on CPOMs for both Child on child abuse and specifically sexual harassment. This is carefully monitored by staff and responded to immediately by the safeguarding team.

Creating a supportive environment in school and minimising the risk of child-on-child abuse

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

We recognise the importance of taking proactive action to minimise the risk of child-on-child abuse, and of creating a supportive environment where victims feel confident in reporting incidents.

To achieve this, we will:

- › Challenge any form of derogatory or sexualised language or inappropriate behaviour between peers, including requesting or sending sexual images
- › Be vigilant to issues that particularly affect different genders – for example, sexualised or aggressive touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys
- › Ensure our curriculum helps to educate pupils about appropriate behaviour and consent
- › Ensure pupils are able to easily and confidently report abuse using our reporting systems (CPOMS)
- › Ensure staff reassure victims that they are being taken seriously
- › Be alert to reports of sexual violence and/or harassment that may point to environmental or systemic problems that could be addressed by updating policies, processes and the curriculum, or could reflect wider issues in the local area that should be shared with safeguarding partners
- › Support children who have witnessed sexual violence, especially rape or assault by penetration. We will do all we can to make sure the victim, alleged perpetrator(s) and any witnesses are not bullied or harassed
- › Consider intra-familial harms and any necessary support for siblings following a report of sexual violence and/or harassment
- › Ensure staff are trained to understand:
 - How to recognise the indicators and signs of child-on-child abuse, and know how to identify it and respond to reports
 - That even if there are no reports of child-on-child abuse in school, it does not mean it is not happening – staff should maintain an attitude of “it could happen here”
 - That if they have any concerns about a child’s welfare, they should act on them immediately rather than wait to be told, and that victims may not always make a direct report. For example:
 - Children can show signs or act in ways they hope adults will notice and react to
 - A friend may make a report
 - A member of staff may overhear a conversation
 - A child’s behaviour might indicate that something is wrong
 - That certain children may face additional barriers to telling someone because of their vulnerability, disability, gender, ethnicity and/or sexual orientation

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

- That a pupil harming a peer could be a sign that the child is being abused themselves, and that this would fall under the scope of this policy
- The important role they have to play in preventing child-on-child abuse and responding where they believe a child may be at risk from it
- That they should speak to the DSL if they have any concerns
- That social media is likely to play a role in the fall-out from any incident or alleged incident, including for potential contact between the victim, alleged perpetrator(s) and friends from either side

The DSL will take the lead role in any disciplining of the alleged perpetrator(s). We will provide support at the same time as taking any disciplinary action.

Disciplinary action can be taken while other investigations are going on, e.g. by the police. The fact that another body is investigating or has investigated an incident doesn't (in itself) prevent our school from coming to its own conclusion about what happened and imposing a penalty accordingly. We will consider these matters on a case-by-case basis, taking into account whether:

- › Taking action would prejudice an investigation and/or subsequent prosecution – we will liaise with the police and/or local authority children's social care to determine this
- › There are circumstances that make it unreasonable or irrational for us to reach our own view about what happened while an independent investigation is ongoing

3.11 Mental Health of Children and Young People

Where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. It is key that staff are aware of how these children's experiences, can impact on their mental health, behaviour, and education.

It is important that staff understand that children's vulnerabilities related to mental health may be that they could be more likely to be impacted by other safeguarding concerns. When making referrals, the child's mental health should be shared.

Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Staff will be alert to behavioural signs that suggest a child may be experiencing a mental health problem or be at risk of developing one. If you have a mental health concern about a child that is also a safeguarding concern, take immediate action by following the steps outlined in section 5.

If staff have a mental health concern that is not also a safeguarding concern, speak to the DSL to agree a course of action. There are a range of support mechanisms in the school to support students with their mental health. Significant concerns will be referred to their GP or directly to CAMHS. Staff should not attempt to make a diagnosis of mental health problems – the school will ensure this is done by a trained mental health professional.

Carfield Primary School School will also provide training recommended by Public Health England.

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

3.12 Children who are absent from education

A child being absent from education, particularly repeatedly, can be a warning sign of a range of safeguarding issues. This might include abuse or neglect, such as sexual abuse or exploitation or child criminal exploitation, or issues such as mental health problems, substance abuse, radicalisation, FGM or forced marriage.

There are many circumstances where a child may be absent or become missing from education, but some children are particularly at risk. These include children who:

- › Are at risk of harm or neglect
- › Are at risk of forced marriage or FGM
- › Come from Gypsy, Roma, or Traveller families
- › Come from the families of service personnel
- › Go missing or run away from home or care
- › Are supervised by the youth justice system
- › Cease to attend a school
- › Come from new migrant families

We will follow our procedures for unauthorised absence and for dealing with children who are absent from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of going missing in future. This includes informing the local authority if a child leaves the school without a new school being named, and adhering to requirements with respect to sharing information with the local authority, when applicable, when removing a child's name from the admission register at non-standard transition points.

Staff will be trained in signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns which may be related to being absent, such as travelling to conflict zones, FGM and forced marriage.

If a staff member suspects that a child is suffering from harm or neglect, we will follow local child protection procedures, including with respect to making reasonable enquiries. We will make an immediate referral to the local authority children's social care team, and the police, if the child is suffering or likely to suffer from harm, or in immediate danger.

3.13 Pupils with special educational needs or disabilities

Children with special educational needs (SEN) and disabilities can face additional safeguarding challenges both on and offline. These can include:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration.
- Being more prone to peer group isolation or bullying than other children.
- The potential for children with SEN and disabilities or medical conditions being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs, and communication barriers and difficulties in overcoming these barriers.
- Difficulties regarding cognitive understanding – being unable to understand the difference between fact and fiction in online content and then repeating the content/behaviours in schools or colleges or the consequences of doing so.

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

We are mindful of these additional challenges, and where required, will provide extra pastoral support for children with SEN and disabilities. Staff need to be aware of the additional challenges faced by those with SEN or disabilities.

Any reports of abuse involving children with SEND will involve close liaison with the designated safeguarding lead (or deputy) and the SENDCo. We will consider extra pastoral support and attention for these children, along with ensuring any appropriate support for communication is in place.

3.14 Domestic abuse

Domestic abuse can encompass a wide range of behaviours and may be a single incident or a pattern of incidents. That abuse can be, but is not limited to, psychological, physical, sexual, financial or emotional. Children can be victims of domestic abuse. We recognise that a children can be a victim of domestic abuse without being physically hurt. They are a victim of domestic abuse if they are an observer. They may see, hear, or experience the effects of abuse at home and/or suffer domestic abuse in their own intimate relationships (teenage relationship abuse). All of which can have a detrimental and long-term impact on their health, well-being, development, and ability to learn.

In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result. Older children may also experience domestic abuse and/or violence in their own personal relationships. Exposure to domestic abuse and/or violence can have a serious, long-lasting emotional and psychological impact on children.

The school will recognise the impact of domestic abuse on children, as victims in their own right, if they see, hear or experience the effects of domestic abuse. All staff need to be aware of the signs of domestic abuse and follow the appropriate safeguarding procedures where concerns arise.

If police are called to an incident of domestic abuse and any children in the household have experienced the incident, the police will inform the key adult in school (usually the DSL) before the child or children arrive at academy the following day. The DSL will provide support according to the child's needs and update records about their circumstances. It is likely that in this instance, Operation Encompass will contact the school.

3.15 Homelessness

Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare. The DSL/deputies will be aware of contact details and referral routes in to the local housing authority so they can raise/progress concerns at the earliest opportunity (where appropriate and in accordance with local procedures). Where a child has been harmed or is at risk of harm, the DSL will also make a referral to children's social care.

3.16 Checking the identity and suitability of visitors

All visitors will be required to verify their identity to the satisfaction of staff. If the visitor is unknown to the setting, we will check their credentials and reason for visiting before allowing them to enter the setting. Visitors should be ready to produce identification. Visitors are expected to sign the visitors' book and wear a visitor's badge.

Visitors to the school who are visiting for a professional purpose, such as educational psychologists and improvement officers, will be asked to show photo ID and will be asked to

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

confirm their DBS clearance; or the organisation sending the professional, such as the LA or educational psychology service, will provide prior written confirmation that an enhanced DBS check with barred list information has been carried out. Visitors who have their identity and DBS confirmed, will be given a green lanyard which must remain visible and clearly worn at all times on site.

All other visitors who have not had their identity or DBS confirmed, will be given a red lanyard, which they are expected to wear at all times and will be accompanied by a member of staff at all times throughout their visit.

We will not invite into the school any speaker who is known to disseminate extremist views, and will carry out appropriate checks to ensure that any individual or organisation using school facilities is not seeking to disseminate extremist views or radicalise pupils or staff.

3.17 Non-collection of children

If a child is not collected at the end of the session/day:

- A check will be made for information about changes to the normal collection routines
- Reasonable attempts will be made to contact: parents, carers or others with parental responsibility at home or at work or other adults authorised to collect the child or vulnerable young person from the setting
- The child or vulnerable young person will not leave the premises with anyone other than parents, carers, others with parental responsibility or other authorised person
- If no-one can be contacted to collect the child or vulnerable young person after one hour, the Sheffield Safeguarding Hub or Police will be contacted
- The child or vulnerable young person will stay at the setting in the care of two staff members until safely collected either by the parent, carer, a person with parental responsibility, other authorised person, social worker or police officer
- Staff should never take the child or vulnerable young person home with them or provide a lift to them in their own car etc.

A full written report of the incident and outcome must be recorded on CPOMs.

3.18 Looked-after children and previously looked-after children

The most common reason for children becoming looked after is as a result of abuse and/or neglect. We are also aware that a previously looked-after child potentially remains vulnerable and this requires staff to have the skills, knowledge and understanding to keep them safe. We understand that all agencies must work together and take prompt action on concerns to safeguard these children, who are a particularly vulnerable group. The school will also ensure that care leavers are supported with pathways including liaison with the local authority where a personal advisor will be appointed.

Section 4 to 6 of the Children and Social Work Act 2017 states designated teachers will have the responsibility for promoting the educational achievement of those who have left care. The virtual school head at the local authority manages the pupil premium plus grant for looked-after children. The designated teacher should work with the virtual school head to discuss how funding can be best used to support the progress of the looked-after children in the school and meet the needs identified in each child's personal education plan. The designated teacher should also work with the virtual school head to promote the

(Last Updated: September 2023)

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

educational achievement of previously looked-after children. Statutory guidance on promoting the education of looked-after children contains further information on the roles and responsibilities of virtual school heads.

3.19 Children with family members in prison and part of the court system

Approximately 200,000 children have a parent sent to prison each year. These children are at risk of poor outcomes including poverty, stigma, isolation and poor mental health. The National Information Centre on Children of Offenders (NICCO) provides information designed to support professionals working with offenders and their children, to help mitigate negative consequences for those children.

Children are sometimes required to give evidence in criminal courts, either for crimes committed against them or for crimes they have witnessed. A guide for 5-11 year olds explains each step of the process and the support and special measures that are available. Making child arrangements via the family courts following separation can be stressful and entrench conflict in families, including for the children involved. The Ministry of Justice has launched an online child arrangements information tool with clear and concise information on the dispute resolution service.

3.20 Parental alcohol and drug use

Parents' dependent alcohol and drug use can negatively impact on children's physical and emotional wellbeing, their development and their safety. The impacts on children include:

- physical maltreatment and neglect
- poor physical and mental health
- development of health harming behaviours in later life, for example using alcohol and drugs and at an early age, which predicts more entrenched future use
- poor school attendance due to inappropriate caring responsibilities
- low educational attainment
- involvement in anti-social or criminal behaviour

Where a child has been harmed or is at risk of harm, the DSL will make a referral to children's social care.

3.21 Other vulnerable groups

Home Educated Children can be more vulnerable than other children and with regard to the motivations of the intention to home educate. The school has a responsibility to those who are thinking about or who are about to home educate, including those who have been removed from the school roll with a view to home educate.

Young carers can be more vulnerable or placed at risk. It is important to identify young carers and ensure they are supported to help reach their potential with an understanding that the school will need to refer into early help social care services for an assessment of their needs.

Private fostering occurs when a child is provided with care and accommodation by a person who is not a parent, person with parental responsibility for them or a relative in their own home. A child is not privately fostered if the person caring for and accommodating them has done so for less than 28 days and does not intend to do so for longer. The schools has a duty

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

to notify the local authority if it is thought or known that a child or young person may be Privately Fostered or subject to a host family arrangement which is unclear or ambiguous.

3.22 Use of the school premises for non-school activities / extra-curricular activities

Where the school hires or rents out school facilities or the school premises to organisations or individuals, e.g. for providers to run community or extracurricular activities, it will ensure that appropriate arrangements are in place to keep pupils safe.

Where the school provides the activities under the direct supervision or management of school staff, child protection arrangements will apply. Where activities are provided separately by another body, this may not be the case; therefore, school will seek assurance that the body concerned has appropriate safeguarding and child protection policies and procedures in place, including inspecting these as needed. The school will ensure safeguarding requirements are included in any transfer of control agreement, i.e. a lease or hire agreement, as a condition of use and occupation of the premises, and specify that failure to comply with this would lead to termination of the agreement.

Extra-curricular activities and clubs hosted by external bodies, e.g. charities or companies, will work in collaboration with the school to effectively safeguard pupils and adhere to local safeguarding arrangements.

Staff and volunteers running extracurricular activities and clubs need to be aware of their safeguarding responsibilities and promote the welfare of pupils. Paid and volunteer staff need to understand how they should respond to child protection concerns and how to make a referral to social care or the police, if necessary.

3.23 Children who are lesbian, gay, bisexual or trans (LGBT+)

We recognise that the experience of children who are LGBT+ can be complex and they require additional support from school to ensure they are safe. The fact that a child or a young person may be LGBT is not in itself an inherent risk factor for harm. However, children who are LGBT can be targeted by other children. In some cases, a child who is perceived by other children to be LGBT (whether they are or not) can be just as vulnerable as children who identify as LGBT. Risks can be compounded where children who are LGBT lack a trusted adult with whom they can be open. It is therefore vital that staff endeavour to reduce the additional barriers faced, and provide a safe space for them to speak out or share their concerns with members of staff. LGBT inclusion is part of the statutory curriculum and we reference this throughout our RSE and PHSE curriculum.

Section 4: Safeguarding roles and responsibilities

4.1 Roles and responsibilities of all staff

,

4.2 The designated safeguarding lead (DSL)

The DSL is a member of the senior leadership team. Our DSL is Bethan Arthur (Assistant Headteacher and SENCo). The DSL takes lead responsibility for child protection and wider

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

safeguarding in the school. This includes online safety, and understanding our filtering and monitoring processes on school devices and school networks to keep pupils safe online.

During term time, the DSL will be available during school hours for staff to discuss any safeguarding concerns.

The DSL can also be contacted out of school hours if necessary via email;
arthurb@carfield.sheffield.sch.uk

When the DSL is absent, the deputies will act as cover.

- **Hannan Mohammed- headteacher**
- **Kay Johnson- learning mentor**
- **Emma Williams- learning mentor**
- **Afra Hugo- home to school link worker (Monday/ Wednesday/ Friday)**
- **Sarah Hutchinson- EYFS lead (EYFS)**
- **Adele Whiting- After School Club Lead (After School Club)**

The DSL will be given the time, funding, training, resources and support to:

- › Provide advice and support to other staff on child welfare and child protection matters
- › Take part in strategy discussions and inter-agency meetings and/or support other staff to do so
- › Contribute to the assessment of children
- › Refer suspected cases, as appropriate, to the relevant body (local authority children's social care, Channel programme, Disclosure and Barring Service, and/or police), and support staff who make such referrals directly
- › Have a good understanding of harmful sexual behaviour
- › Have a good understanding of the filtering and monitoring systems and processes in place at our school

The DSL will also:

- › Keep the headteacher informed of any issues
- › Liaise with local authority case managers and designated officers for child protection concerns as appropriate
- › Discuss the local response to sexual violence and sexual harassment with police and local authority children's social care colleagues to prepare the school's policies
- › Be confident that they know what local specialist support is available to support all children involved (including victims and alleged perpetrators) in sexual violence and sexual harassment, and be confident as to how to access this support
- › Be aware that children must have an 'appropriate adult' to support and help them in the case of a police investigation or search

The full responsibilities of the DSL and deputies are set out in their job description.

4.3 The governing board

(Last Updated: September 2023)

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

The governing board will:

- › Facilitate a whole-school approach to safeguarding, ensuring that safeguarding and child protection are at the forefront of, and underpin, all relevant aspects of process and policy development
- › Evaluate and approve this policy at each review, ensuring it complies with the law, and hold the headteacher to account for its implementation
- › Be aware of its obligations under the Human Rights Act 1998, the Equality Act 2010 (including the Public Sector Equality Duty), and our school's local multi-agency safeguarding arrangements
- › Appoint a senior board level (Kate Souper) to monitor the effectiveness of this policy in conjunction with the full governing board. This is always a different person from the DSL
- › Ensure all staff undergo safeguarding and child protection training, including online safety, and that such training is regularly updated and is in line with advice from the safeguarding partners
- › Ensure that the school has appropriate filtering and monitoring systems in place, and review their effectiveness. This includes:
 - Making sure that the leadership team and staff are aware of the provisions in place, and that they understand their expectations, roles and responsibilities around filtering and monitoring as part of safeguarding training
 - Reviewing the DfE's filtering and monitoring standards, and discussing with IT staff and service providers what needs to be done to support the school in meeting these standards
- › Make sure:
 - The DSL has the appropriate status and authority to carry out their job, including additional time, funding, training, resources and support
 - Online safety is a running and interrelated theme within the whole-school approach to safeguarding and related policies
 - The DSL has lead authority for safeguarding, including online safety and understanding the filtering and monitoring systems and processes in place
 - The school has procedures to manage any safeguarding concerns (no matter how small) or allegations that do not meet the harm threshold (low-level concerns) about staff members (including supply staff, volunteers and contractors). Appendix 3 of this policy covers this procedure
 - That this policy reflects that children with SEND, or certain medical or physical health conditions, can face additional barriers to any abuse or neglect being recognised
- › Where another body is providing services or activities (regardless of whether or not the children who attend these services/activities are children on the school roll):
 - Seek assurance that the other body has appropriate safeguarding and child protection policies/procedures in place, and inspect them if needed

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

- Make sure there are arrangements for the body to liaise with the school about safeguarding arrangements, where appropriate
- Make sure that safeguarding requirements are a condition of using the school premises, and that any agreement to use the premises would be terminated if the other body fails to comply

The chair of governors will act as the 'case manager' in the event that an allegation of abuse is made against the headteacher, where appropriate.

All governors will read Keeping Children Safe in Education in its entirety.

We will ensure that all governors receive appropriate safeguarding and child protection (including online) training at induction. This training will equip them with the knowledge to provide strategic challenge to test and assure themselves that the safeguarding policies and procedures are effective and support the delivery of a robust whole school approach to safeguarding. Their training will be regularly updated and at least annual.

4.4 The headteacher

The headteacher is responsible for the implementation of this policy, including:

- › Ensuring that staff (including temporary staff) and volunteers:
 - Are informed of our systems which support safeguarding, including this policy, as part of their induction
 - Understand and follow the procedures included in this policy, particularly those concerning referrals of cases of suspected abuse and neglect
- › Communicating this policy to parents/carers when their child joins the school and via the school website
- › Ensuring that the DSL has appropriate time, funding, training and resources, and that there is always adequate cover if the DSL is absent
- › Acting as the 'case manager' in the event of an allegation of abuse made against another member of staff or volunteer, where appropriate (see appendix 3)
- › Making decisions regarding all low-level concerns, though they may wish to collaborate with the DSL on this
- › Ensuring the relevant staffing ratios are met, where applicable
- › Making sure each child in the Early Years Foundation Stage is assigned a key person
- › Overseeing the safe use of technology, mobile phones and cameras in the setting

4.5 Creating a safe environment

We aim to create an environment in which:

- All staff, including governors and volunteers, feel able to raise concerns and are being supported in their safeguarding role.
- The buildings, including its surroundings, are safe and somewhere where children can feel safe

(Last Updated: September 2023)

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

- Parents/carers know about our principles on safeguarding and their role in it
- There are clear protocols on reception for visitors and contractors with procedures in place to ensure the appropriate questions are asked and checks made.
- We incorporate student's views through embedding a listening culture and involving children in decision-making. We believe that this should be an integral part of a whole-school approach to safeguarding. Additionally, we use children's voices through specific channels such as the Junior Leadership Team, through monitoring systems and procedures at Carfield as well as using and collating pupil voice from specific incidents that may occur.

4.6 Equality statement

Some children have an increased risk of abuse, both online and offline, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

We give special consideration to children who:

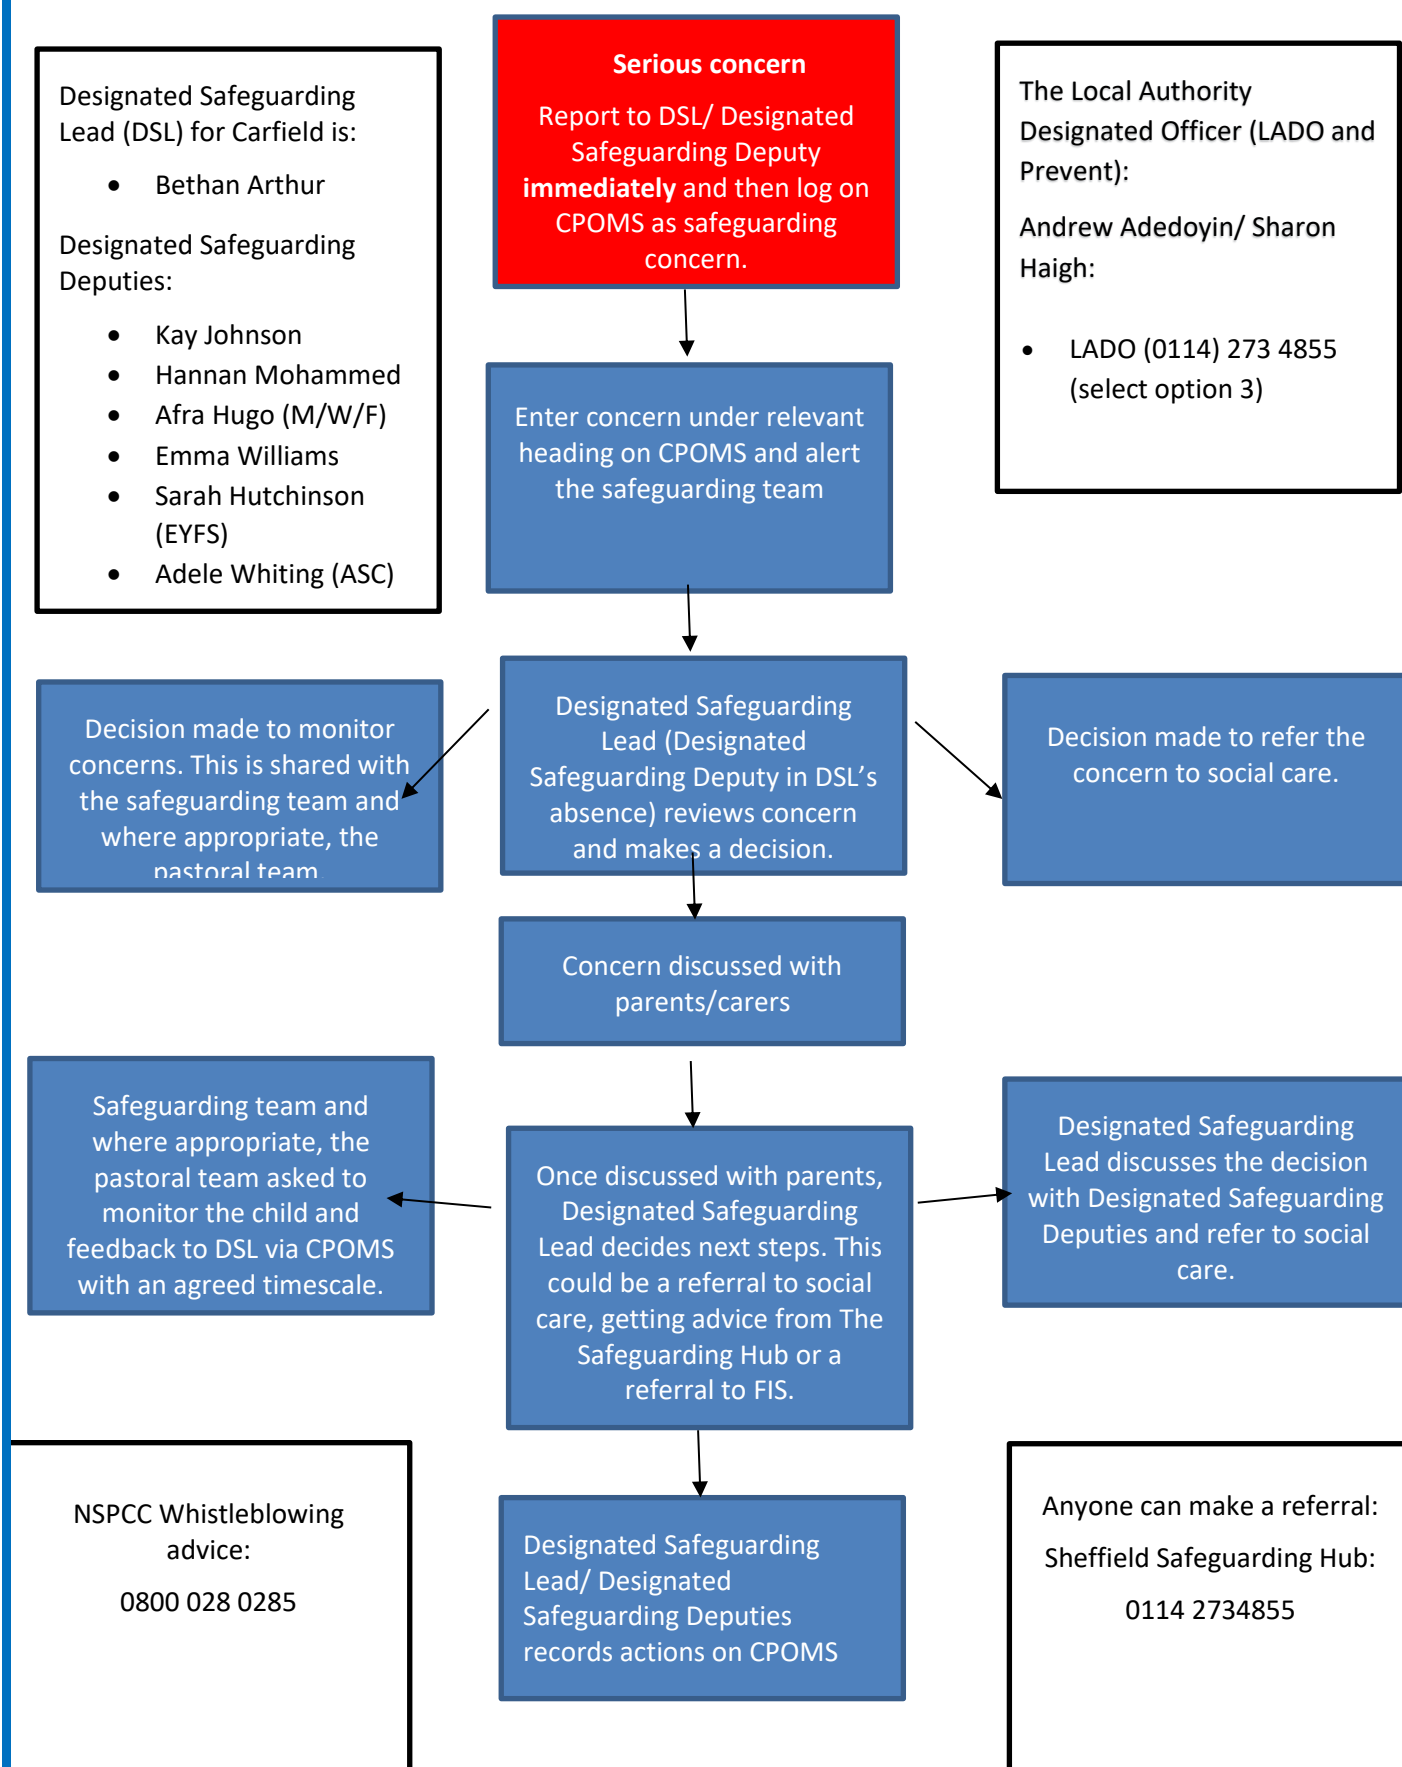

- › Have special educational needs and/or disabilities (SEND) or health conditions
- › Are young carers
- › May experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- › Have English as an additional language
- › Are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence
- › Are at risk of FGM, sexual exploitation, forced marriage, or radicalisation
- › Are asylum seekers
- › Are at risk due to either their own or a family member's mental health needs
- › Are looked after or previously looked after
- › Are missing or absent from education for prolonged periods and/or repeat occasions
- › Whose parent/carer has expressed an intention to remove them from school to be home educated

Section 5: Safeguarding procedures and processes

The school will deliver its responsibilities for identifying and acting on early help needs, safeguarding and child protection in line with the policies and procedures identified by the Sheffield Safeguarding Partnership. The school will be fully engaged, involved, and included in local safeguarding arrangements. Once the school is named as a relevant agency by local safeguarding partners, it will follow its statutory duty to cooperate with the published arrangements in the same way as other relevant agencies. The school will act in accordance with the safeguarding arrangements.

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

5.1 Flow chart for raising safeguarding concerns about a child

(Last Updated: September 2023)

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

5.2 Reporting systems for our pupils

Where there is a safeguarding concern, we will take the child's wishes and feelings into account when determining what action to take and what services to provide.

We recognise the importance of ensuring pupils feel safe and comfortable to come forward and report any concerns and/or allegations.

To achieve this, we will:

- › Put systems in place for pupils to confidently report abuse
- › Ensure our reporting systems are well promoted, easily understood and easily accessible for pupils
- › Make it clear to pupils that their concerns will be taken seriously, and that they can safely express their views and give feedback
- › There are safeguarding posters around school to ensure that children understand who they should report concerns to
- › Half termly safeguarding assemblies are conducted to all pupils to ensure that children understand who they should report concerns to
- › We make pupils aware of the reporting systems and processes such as through discussion in your relationships and sex education curriculum
- › We ensure that pupils will feel safe in submitting any concerns through reassurances provided following disclosures.

5.3 Notifying parents or carers

Where appropriate, we will discuss any concerns about a child with the child's parents or carers. The DSL will normally do this in the event of a suspicion or disclosure.

Other staff will only talk to parents or carers about any such concerns following consultation with the DSL.

If we believe that notifying the parents or carers would increase the risk to the child, we will discuss this with the local authority children's social care team before doing so.

In the case of allegations of abuse made against other children, we will normally notify the parents or carers of all the children involved. We will think carefully about what information we provide about the other child involved, and when. We will work with the police and/or local authority children's social care to make sure our approach to information sharing is consistent.

The DSL will, along with any relevant agencies (this will be decided on a case-by-case basis):

- › Meet with the victim's parents or carers, with the victim, to discuss what's being put in place to safeguard them, and understand their wishes in terms of what support they may need and how the report will be progressed
- › Meet with the alleged perpetrator's parents or carers to discuss support for them, and what's being put in place that will impact them, e.g. moving them out of classes with the victim, and the reason(s) behind any decision(s)

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

5.4 Early help

Early help means providing support as soon as a problem emerges, at any point in a child's life. All staff, including governors and volunteers should be aware of what Early Help means, how to identify emerging needs (see Sections 2 & 3), and understanding their role within it. This means sharing information and having discussions with the DSL, liaising with other professionals and supporting children identified in the school (i.e. potentially vulnerable and those who are vulnerable) who may therefore need Early Help intervention.

We will be part of discussions with statutory safeguarding partners to agree the levels for the different types of assessment and services to be commissioned and delivered, as part of our local arrangements.

5.5 Pupils with a social worker

Pupils may need a social worker due to safeguarding or welfare needs. We recognise that a child's experiences of adversity and trauma can leave them vulnerable to further harm as well as potentially creating barriers to attendance, learning, behaviour and mental health.

The DSL and all members of staff will work with and support social workers to help protect vulnerable children.

Where we are aware that a pupil has a social worker, the DSL will always consider this fact to ensure any decisions are made in the best interests of the pupil's safety, welfare and educational outcomes. For example, it will inform decisions about:

- › Responding to unauthorised absence or missing education where there are known safeguarding risks
- › The provision of pastoral and/or academic support

5.5 Children looked-after and previously children looked-after

We will ensure that staff have the skills, knowledge and understanding to keep children looked after children and previously children looked after children safe. In particular, we will ensure that:

- › Appropriate staff have relevant information about children's looked after legal status, contact arrangements with birth parents or those with parental responsibility, and care arrangements
- › The DSL has details of children's social workers and relevant virtual school heads

We have appointed a designated teacher, Bethan Arthur (Assistant Headteacher and SENCo) who is responsible for promoting the educational achievement of looked-after children and previously looked-after children in line with statutory guidance.

The designated teacher is appropriately trained and has the relevant qualifications and experience to perform the role.

As part of their role, the designated teacher will:

- › Work closely with the DSL to ensure that any safeguarding concerns regarding children looked after and previously children looked are quickly and effectively responded to

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

- Work with virtual school heads to promote the educational achievement of looked-after and previously looked-after children, including discussing how pupil premium plus funding can be best used to support looked-after children and meet the needs identified in their personal education plans

5.5 Referring to Children's Social Care

Where welfare and safeguarding concerns are identified e.g. as a child having an injury or has made a disclosure of sexual abuse, this is a child protection concern and safeguarding procedures must be followed. Any concerns about the welfare and safety of a child, should be reported to the DSL as soon as possible. The DSL will act upon the information received. It should be noted that anyone can make a referral into social care.

If the child has been the subject of an Early Help Assessment then a chronology, a copy of the assessment, together with a copy of the Multi-Disciplinary Plan, and any supporting document evidence to support a threshold should be attached to the written confirmation. Details should include: who undertook the assessment, and their contact details.

When there are concerns for a child, and if the school are aware that the case is open to the Multi-Agency Team, they should discuss whether to request escalation to Children's Social Care. If the child does not at that time have a lead professional or allocated social worker then the appropriate numbers to contact can be found in the safeguarding file.

We will ensure we have spoken to the family about their concerns and proposed actions unless to do so would place the child at significant risk (imminent danger because of a disclosure made); the decision not to inform parents/carers must be justified and the details recorded. If a child makes a disclosure or presents with an injury, it is imperative that advice is sought immediately prior to the child returning home and as soon as the school become aware of this.

Essential information for making a referral includes:

- Full names and dates of birth for the child and other members of the family
- Address and daytime phone numbers for the parents, including mobile
- The child's address and phone number
- Whereabouts of the child (and siblings)
- Child and family's ethnic origin
- Child and family's main language
- Actions taken and people contacted
- Special needs of the child, including need for an accredited interpreter etc.
- A clear indication of the family's knowledge of the referral and whether they have consented to the sharing of confidential information
- The details of the person making the referral

Other information that may be essential:

- Previous addresses and addresses of wider family members
- Schools and nurseries attended by the child and others in the household
- Name, address & phone number of GP/Midwife/Health Visitor/School Nurse

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

- Hospital ward/consultant/Named nurse and dates of admission/discharge
- Details of other children who may be in contact with the alleged abuser
- Details of other practitioners involved with the family
- Child's legal status and anyone not already mentioned who has parental responsibility
- History of previous concerns and any previous CAF or Initial Assessments completed
- Any other information that is likely to impact on the undertaking of an assessment or Section 47 Enquiry.

5.6 Allegations of sexual violence and sexual harassment

Systems are in place for children to confidently report abuse, knowing their concerns will be treated seriously. Reports of sexual violence and sexual harassment are likely to be complex and require difficult professional decisions to be made, often quickly and under pressure. Preplanning, effective training and effective policies will provide us with the foundation for a calm, considered and appropriate response to any reports. Governing bodies should ensure that the school or college contributes to multi-agency working in line with statutory guidance: Working Together to Safeguard Children. Important considerations will include:

- The wishes of the victim in terms of how they want to proceed. This is especially important in the context of sexual violence and sexual harassment. Victims should be given as much control as is reasonably possible over decisions regarding how any investigation will be progressed and any support that they will be offered. This will however need to be balanced with our duty and responsibilities to protect other children
- the nature of the alleged incident(s), including whether a crime may have been committed and/or whether Harmful Sexual Behaviour (HSB) has been displayed
- the ages of the children involved
- the developmental stages of the children involved
- Any power imbalance between the children. For example, is/are the alleged perpetrator(s) significantly older, more mature, confident and well known social standing? Does the victim have a disability or learning difficulty?
- if the alleged incident is a one-off or a sustained pattern of abuse (sexual abuse can be accompanied by other forms of abuse and a sustained pattern may not just be of a sexual nature)
- that sexual violence and sexual harassment can take place within intimate personal relationships between children
- importance of understanding intra familial harms and any necessary support for siblings following incidents
- are there ongoing risks to the victim, other children, or school staff
- Other related issues and wider context, including any links to child sexual exploitation and child criminal exploitation.

As always when concerned about the welfare of a child, all staff should act in the best interests of the child. Immediate consideration should be given as to how best to support and protect the victim and the alleged perpetrator(s) (and any other children involved/impacted).

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

5.7 Record-keeping

We will hold records in line with our records retention schedule.

All safeguarding concerns, discussions, decisions made and the reasons for those decisions, must be recorded in writing. If you are in any doubt about whether to record something, discuss it with the DSL.

Records will include:

- › A clear and comprehensive summary of the concern
- › Details of how the concern was followed up and resolved
- › A note of any action taken, decisions reached and the outcome

Concerns and referrals will be kept in a separate child protection file for each child.

Any non-confidential records will be readily accessible and available. Confidential information and records will be held securely and only available to those who have a right or professional need to see them.

Safeguarding records relating to individual children will be retained for a reasonable period of time after they have left the school.

If a child for whom the school has, or has had, safeguarding concerns moves to another school, the DSL will ensure that their child protection file is forwarded as soon as possible, securely, and separately from the main pupil file.

To allow the new school/college to have support in place when the child arrives, this should be within:

- › **5 days** for an in-year transfer, or within
- › **The first 5 days** of the start of a new term

In addition, if the concerns are significant or complex, and/or social services are involved, the DSL will speak to the DSL of the receiving school and provide information to enable them to have time to make any necessary preparations to ensure the safety of the child.

All concerns about a child will be recorded and records kept in accordance with the seven golden rules for sharing information and considerations with regard to the Data Protection Act 2018 and General Data Protection Regulation (GDPR). This record will be a separate child protection/welfare record held on a separate child protection file and each concern clearly recorded with all decisions, actions taken and with outcomes and feedback to the referrer. We will endeavour to keep centralised records, hold them as private and confidential records but allow access to key staff that is designated in a role to safeguard children at Carfield.

DPA and UK GDPR do not prevent the sharing of information for the purposes of keeping children safe and promoting their welfare. If in any doubt about sharing information, staff should speak to the designated safeguarding lead or a deputy. **Fears about sharing information must not be allowed to stand in the way of the need to safeguard and promote the welfare of children.**

There are different levels of confidentiality when recording and sharing safeguarding concerns. It is important that staff are aware of parent's right to request information recorded about their child. Reports on CPOMs should be accurate and follow the guidelines below.

(Last Updated: September 2023)

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

We will not destroy any child protection/welfare records including records which hold information on allegations against staff and any other person working in the school or connected to the school.

Records will be kept in writing and electronically through CPOMS. We use the system of CPOMS to record and save safeguarding concerns. This is an online tool that can only be accessed through user name and password. The DSL and deputy DSL are the only members of staff that have access to all records. All other staff are able to add incidents. Training will support the use of accurate recording of safeguarding concerns.

5.8 Safer Recruitment

We must prevent people who pose a risk of harm from working with children by adhering to statutory responsibilities to check all staff who work with children, taking proportionate decisions on whether to ask for any checks beyond what is required. This school will ensure that safer recruitment practices are always followed and that the requirements outlined in the statutory guidance 'Keeping Children safe in Education'. This includes:

- Verifying the identity of candidates
- A check of professional qualifications
- Checking the right to work in the UK
- DBS checks (see Section 5.5)
- Prohibition checks (where required)
- Section 128 checks (where required)
- Suitability checks (i.e. disqualification from working in a schooling environment)
- Additional overseas checks where relevant
- Asking for and follow up at least two references
- Scrutinising applications for gaps in employment.

Some of these will be done by our HR service EPM.

We will ensure that our application packs contain a link to this policy. All interview panels will have at least one member who has undergone safer recruitment training and we will include at least two questions regarding safeguarding. We will have a Single Central Record which will cover all staff, including governors, and volunteers, frequent visitors, agency and supply, and others according to their role and responsibility. We will ensure this record is regularly updated and reviewed regularly.

We will ensure staff are aware of their responsibilities as per the Staff Code of Conduct document. This also includes advice on conduct, safe use of mobile phones and guidance on personal / professional boundaries in emailing, messaging, or participating in social networking environments.

We will only accept copies of a curriculum vitae alongside an application form. A curriculum vitae on its own does not provide adequate information.

Short Listing

Any shortlisted candidates will be asked to complete a self-declaration of their criminal record or information that would make them unsuitable to work with children. This information should only be requested from applicants who have been shortlisted. The purpose of a self-declaration is so that candidates will have the opportunity to share

(Last Updated: September 2023)

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

relevant information and allow this to be discussed and considered at interview before the DBS certificate is received.

When short listing we will:

- ensure that at least two people carry out the shortlisting exercise
- Consider any inconsistencies and look for gaps in employment and reasons given for them, explore all potential concerns.

In addition, as part of the shortlisting process, we will consider carrying out an online search as part of our due diligence on the shortlisted candidates. This may help identify any incidents or issues that have happened, and are publicly available online, which we might want to explore with the applicant at interview.

References

We seek references to allow school to obtain factual information to support appointment decisions. We obtain references before interview, where possible, as this allows any concerns raised to be explored further with the referee and taken up with the candidate at interview. Any references collected should not include any repeated concerns or allegations that have been found to be false, unfounded, unsubstantiated or malicious.

Online Search Record (Shortlisted Candidates Only)

The Keeping Children Safe in Education Guidance 2023 recommends that academies and colleges conduct online searches on shortlisted candidates to 'help identify any incidents or issues that have happened, and are publicly available online, which [they] might want to explore with the applicant at interview.

The purpose and scope of the search is to further assess the candidate's suitability for the role and to help answer the following questions:

- Is there any online evidence to suggest the candidate is unqualified for the role?
- Is there any online evidence to suggest the candidate poses a safeguarding risk?
- Is there any online evidence to suggest that hiring the candidate may risk damaging the trust or academy's reputation?

The online search must be conducted by someone who is not involved in the interview or selection process to avoid unconscious bias.

How to use this form

- Someone who is not on the interview / selection panel carries out the searches as directed by the search parameters
- Any areas of concern relating directly to the questions above (scope and purpose) to be typed into the form under the 'concerns raised' column. Care should be taken to ensure the findings of the search do not disclose any personal information that is irrelevant

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

- A form should be completed for each candidate shortlisted, even if there are no findings of concern. In this case a NIL return should be recorded.
- All forms to be given (securely emailed) to the Chair of the Interview and Selection panel.
- Panel to raise any concerns with the candidate at interview

CARFIELD PRIMARY ONLINE SEARCH RECORD

Candidate name:	
Role shortlisted for:	
Searcher name:	
Date and time of online search:	

Only record information that suggests the candidate:

- Is unqualified for the role
- Poses a potential safeguarding risk
- Risks damaging the reputation of your school/trust

Do not include any irrelevant personal information.

5.9 Training

All staff

All staff members will undertake safeguarding and child protection training at induction, including on whistle-blowing procedures and online safety, to ensure they understand the school's safeguarding systems and their responsibilities, and can identify signs of possible abuse or neglect.

This training will be regularly updated and will:

- › Be integrated, aligned and considered as part of the whole-school safeguarding approach and wider staff training, and curriculum planning
- › Be in line with advice from the 3 safeguarding partners
- › Include online safety, including an understanding of the expectations, roles and responsibilities for staff around filtering and monitoring
- › Have regard to the Teachers' Standards to support the expectation that all teachers:
 - Manage behaviour effectively to ensure a good and safe environment
 - Have a clear understanding of the needs of all pupils

All staff will have training on the government's anti-radicalisation strategy, Prevent, to enable them to identify children at risk of being drawn into terrorism and to challenge extremist ideas.

Staff will also receive regular safeguarding and child protection updates, including on online safety, as required but at least annually (for example, through emails, e-bulletins and staff meetings).

Contractors who are provided through a private finance initiative (PFI) or similar contract will also receive safeguarding training.

Volunteers will receive appropriate training, if applicable.

The Designated Safeguarding Lead and Designated Safeguarding Deputies

The DSL and Deputies will undertake the Advanced Safeguarding Training provided by Sheffield Safeguarding Partnership Training.

In addition, they will update their knowledge and skills at regular intervals and at least annually (for example, through advanced safeguarding refresher training provided by Sheffield Safeguarding Partnership Training, e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments).

(Last Updated: September 2023)

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

They will also undertake Prevent awareness training.

Governors

All governors receive training about safeguarding and child protection (including online safety) at induction, which is regularly updated. This is to make sure that they:

- › Have the knowledge and information needed to perform their functions and understand their responsibilities, such as providing strategic challenge
- › Can be assured that safeguarding policies and procedures are effective and support the school to deliver a robust whole-school approach to safeguarding

As the chair of governors may be required to act as the 'case manager' in the event that an allegation of abuse is made against the headteacher, they receive training in managing allegations for this purpose.

5.10 The Disclosure and Barring Service (DBS)

The Disclosure and Barring Service (DBS) helps employers make safer recruitment decisions which helps preventing unsuitable people from working with vulnerable groups, including children. The DBS are responsible for:

- Processing requests for criminal records checks
- Deciding whether it is appropriate for a person to be placed on or removed from a barred list
- Placing or removing people from the DBS Children's Barred list and Adults' Barred list for England, Wales and Northern Ireland
- Providing an online DBS service

The DBS search police records and in relevant cases, the barred list information, before issuing a DBS certificate to the applicant. A DBS check will be requested as part of the pre-recruitment checks following an offer of employment, including unsupervised volunteering roles, and staff engaging in regulated activity, where the definition of regulated activity is met. We will follow advice on DBS checks from our HR provider, and this includes:

- Where relevant, a separate Barred Check List has been completed
- That individuals are not disqualified from working with children under the Child Care (Disqualification) Regulations 2009 and will adhere to any changes made to this
- A check to include a Secretary of State Prohibition Order (Teacher Prohibition Order) and this may mean on Teaching Assistants
- A Section 128 Direction Check where relevant, and in any case for all governors (who will also be the subject of DBS checks)

If a person in regulated activity is dismissed or removed due to safeguarding concerns, or would have been had they not resigned, we will ensure a referral is made to the DBS.

5.10 Opportunities to teach children about Safeguarding

At Carfield Primary School, we all play a crucial role in preventative education. Preventative education is most effective in the context of a whole-school that prepares pupils and

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

students for life in modern Britain and creates a culture of zero tolerance for sexism, misogyny/misandry, homophobia, biphobic and sexual violence/harassment.

We have a clear set of values and standards, upheld and demonstrated throughout all aspects of school/college life. These will be underpinned by the school's behaviour policy, as well as by a planned programme of evidence based RSE delivered in regularly timetabled lessons and reinforced throughout the whole curriculum. Our program is fully inclusive and developed to be age and stage of development appropriate (especially when considering the needs of children with SEND and other vulnerabilities). This program will tackle at an age-appropriate stages issues such as:

- healthy and respectful relationships
- boundaries and consent
- stereotyping, prejudice and equality
- body confidence and self-esteem
- how to recognise an abusive relationship, including coercive and controlling behaviour
- the concepts of, and laws relating to- sexual consent, sexual exploitation, abuse, grooming, coercion, harassment, rape, domestic abuse, so called honour-based violence such as forced marriage and Female Genital Mutilation (FGM), and how to access support
- What constitutes sexual harassment and sexual violence and why these are always unacceptable.

For more information on our computing and PSHE curriculum, please see the relevant policy. We also have a comprehensive online safety policy. For more information, please see relevant curriculum information. Governors are aware of this curriculum.

5.11 Risk assessments

Specific staff ratios for school trips and visits aren't prescribed in law. Instead, we carry out an appropriate risk assessment for the trip, and determine our staffing needs based on that.

We decide the number of adults we need depending on:

- The nature of the outing and the activities
- The age and maturity of your pupils
- If the pupil has any SEND or additional needs

This includes trips overseas.

Statutory requirements for EYFS pupils

The Statutory Framework for the EYFS was updated in **July 2023**. It changed the minimum ratio when supervising children aged 2 from 1:4 to 1:5.

We must:

Keep pupils safe, assess risks and hazards, and identify steps to take to remove, minimise and manage those risks and hazards

- Complete a risk assessment before each outing, which includes consideration of the minimum EYFS staffing ratios.

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

- Have at least 1 **person** who has a **current paediatric first aid certificate** accompany pupils on the outing

This is explained in paragraphs 3.25 and 3.66 of the EYFS statutory framework.

Please see the offsites visits policy for further information.

5.12 Complaints and concerns about school safeguarding policies

Complaints against staff

Complaints against staff that are likely to require a child protection investigation will be handled in accordance with our procedures for dealing with allegations of abuse made against staff.

Other complaints

If a parent is concerned about the education that we are providing at our school, they should, in the first instance, discuss the matter with their child's class teacher. Most matters of concern can be dealt with in this way. All teachers work very hard to ensure that each child is happy at school, and is making good progress; they always want to know if there is a problem, so that they can take action before the problem seriously affects the child's progress.

Where a parent feels that a complaint about the education of their child has not been resolved through contact with the class teacher, or that their concern is of a sufficiently serious nature, they should make an appointment to discuss it with the head teacher. Most complaints are normally resolved at this stage. However, if the parent is not satisfied with the response, they may wish to make a formal complaint and the parent should put this in writing. The head teacher considers any such formal complaint very seriously and investigates each case thoroughly within the given time frame and complies with LA directives. Response to the investigation will be given to parents in writing. This is especially true if the complaint becomes an allegation. Please refer to 3.9 if the complaints policy.

Should a parent have a complaint about the investigation by the head teacher, s/he should first make a formal approach to the governing body, who are obliged to investigate it. The formal complaint process is outlined below.

Only if an informal complaint fails to resolve the matter should a formal complaint be made to the governing body. This complaint must be made in writing, stating the nature of the complaint and how the school has handled it so far. The parent should send this written complaint to the Chair of Governors.

The Complaints Committee of the governing body must consider all written complaints within three weeks of receipt. It will arrange a meeting to discuss the complaint, and invite the person making it to attend the meeting, so that s/he can explain her complaint in more detail. The school gives the complainant at least three days' notice of the meeting.

After hearing all the evidence, the governors consider their decision and inform the parent about it in writing. The governors do all they can at this stage to resolve the complaint to the parent's satisfaction.

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

If the complaint is not resolved, a parent may make representation to the LA. Further information about this process is available from the school or from the LA. A further meeting is chaired by an independent person, who considers all the evidence and makes a further judgement in an attempt to resolve the complaint.

If any parent is still not content that the complaint has been dealt with properly, then s/he is entitled to appeal to the Secretary of State for Education.

When a complaint is made regarding the inappropriate conduct of a member of staff the Head teacher has a duty to treat the complaint as an allegation. This is treated under the policy Allegation against a Member of Staff. The Head teacher will inform parents of the changes to the procedure.

Please refer to the complaints policy for further information.

Whistle-blowing

Whistleblowing is the term used when a worker passes on information concerning wrongdoing. In this guidance, we call that “making a disclosure” or “blowing the whistle”.

If you are concerned that a young person is at risk of harm, the guidance in the DfE’s Keeping Children Safe In Education (2023) document and the Management of Allegations of Abuse (Schools) Policy obliges you to report your concerns. If you are concerned that a young person is being harmed or at risk of being harmed, or you have a concern about a staff member, volunteer or contractor’s suitability to work with children, you should report this using the Management of Allegations of Abuse Policy. If, however, you are concerned that:

- an individual’s professional practice, or
- the leadership and/or management of the school, or
- the school’s policies, procedures and/or ways of working

may be undermining the safety and wellbeing of young people, or leaving them vulnerable to risk, or you are worried about the way in which safeguarding allegations have been managed, you should express these concerns through the Whistleblowing Policy.

How to report a concern

There are a number of different ways to raise a whistleblowing concern – you can choose the one that suits you. It doesn’t matter which you choose, you can be assured that a named manager will properly consider it.

Whichever way you decide to raise your concern, please ensure that you state that you are doing so under the Whistleblowing Policy. (If at any stage we feel that your concern is a grievance rather than a whistleblowing matter, we will tell you.)

Although you can raise your concern verbally, you may find it easier to do so in writing – this way, you can keep a record of what you reported as well as giving yourself the time to make sure you’ve included all the relevant information.

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

When reporting your concern, you should provide information about the background and history of your concern. Where possible, you should give names, dates and places and the reason why you are particularly concerned about the situation. If you are a member of a trade union, you may find it helpful to take advice from them about putting your concerns in writing.

There is no reason why you cannot use email to raise a whistleblowing concern. However, if you do choose to use email, please take extra care to make sure that your message is sent to the correct person and consider that due to the nature of email communication it may be read by other people – please ensure the email is encrypted. To help make sure your concerns are seen and handled quickly, mark the subject box: *‘Whistleblowing – confidential – recipient only’*.

If, however, you do not wish to put your concern in writing, you can telephone or arrange to meet with the appropriate person.

Who to contact with your concern

If you have a concern which you believe is covered by the Whistleblowing Policy, this should be raised with the Headteacher.

This may depend, however, on the seriousness and sensitivity of the issues involved and who you think may be involved in the malpractice.

For example, if you believe that a member of SLT is involved, you should approach the Headteacher. If you believe the Headteacher is involved, your Chair of Governors should be approached.

If the concern is about the governing body or the LA, you can contact one of the named LA officers in Appendix Four of the whistleblowing policy. If it is about an employee of the LA, your concern will be investigated under the Sheffield City Council policy rather than the Carfield Primary School policy. This is because the school policy only applies to employees of Carfield Primary School; in the above circumstance, both the subject of the concern and the investigating officer are employed by the Council and are therefore covered by the Council’s policy. The protections set out in this policy will still apply, however, to school employees raising the concern.

The Council Monitoring Officer

If you feel the matter is so serious that you cannot discuss it with the Headteacher, Chair of Governors or one of the named LA officers listed in Appendix Four of the whistleblowing policy, you can raise your concern directly with the Council’s Monitoring Officer. (The Monitoring Officer is responsible for ensuring that the Council, its members and its officers carry out their functions in a lawful and ethical manner.)

Please refer to the whistle-blowing policy for further information.

(Last Updated: September 2023)

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

Section 6: Dealing with allegations against staff, supply staff and volunteers who work with children

6.1 Allegations that may meet the harms threshold

This section applies to all cases in which it is alleged that a current member of staff, including a supply teacher, volunteer or contractor, has:

- Behaved in a way that has harmed a child, or may have harmed a child, and/or
- Possibly committed a criminal offence against or related to a child, and/or
- Behaved towards a child or children in a way that indicates they may pose a risk of harm to children, and/or
- Behaved or may have behaved in a way that indicates they may not be suitable to work with children – this includes behaviour taking place both inside and outside of school

If we're in any doubt as to whether a concern meets the harm threshold, we will consult our local authority designated officer (LADO). We will deal with any allegation of abuse quickly, in a fair and consistent way that provides effective child protection while also supporting the individual who is the subject of the allegation.

A 'case manager' will lead any investigation. This will be the headteacher, or the chair of governors where the headteacher is the subject of the allegation. The case manager will be identified at the earliest opportunity. Our procedures for dealing with allegations will be applied with common sense and judgement.

Suspension of the accused until the case is resolved

Suspension of the accused will not be the default position, and will only be considered in cases where there is reason to suspect that a child or other children is/are at risk of harm, or the case is so serious that there might be grounds for dismissal. In such cases, we will only suspend an individual if we have considered all other options available and there is no reasonable alternative. Based on an assessment of risk, we will consider alternatives such as:

- Redeployment within the school so that the individual does not have direct contact with the child or children concerned
- Providing an assistant to be present when the individual has contact with children
- Redeploying the individual to alternative work in the school so that they do not have unsupervised access to children
- Moving the child or children to classes where they will not come into contact with the individual, making it clear that this is not a punishment and parents/carers have been consulted
- Temporarily redeploying the individual to another role in a different location, for example to an alternative school or other work.

If in doubt, the case manager will seek views from the school's personnel adviser and the designated officer at the local authority, as well as the police and children's social care where they have been involved.

Definitions for outcomes of allegation investigations

- **Substantiated:** there is sufficient evidence to prove the allegation

(Last Updated: September 2023)

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

- **Malicious:** there is sufficient evidence to disprove the allegation and there has been a deliberate act to deceive, or to cause harm to the subject of the allegation
- **False:** there is sufficient evidence to disprove the allegation
- **Unsubstantiated:** there is insufficient evidence to either prove or disprove the allegation (this does not imply guilt or innocence)
- **Unfounded:** to reflect cases where there is no evidence or proper basis which supports the allegation being made

Procedure for dealing with allegations

In the event of an allegation that meets the criteria above, the case manager will take the following steps:

- Conduct basic enquiries in line with local procedures to establish the facts to help determine whether there is any foundation to the allegation before carrying on with the steps below
- Discuss the allegation with the designated officer at the local authority. This is to consider the nature, content and context of the allegation and agree a course of action, including whether further enquiries are necessary to enable a decision on how to proceed, and whether it is necessary to involve the police and/or children's social care services. (The case manager may, on occasion, consider it necessary to involve the police before consulting the designated officer – for example, if the accused individual is deemed to be an immediate risk to children or there is evidence of a possible criminal offence. In such cases, the case manager will notify the designated officer as soon as practicably possible after contacting the police)
- Inform the accused individual of the concerns or allegations and likely course of action as soon as possible after speaking to the designated officer (and the police or children's social care services, where necessary). Where the police and/or children's social care services are involved, the case manager will only share such information with the individual as has been agreed with those agencies
- Where appropriate (in the circumstances described above), carefully consider whether suspension of the individual from contact with children at the school is justified or whether alternative arrangements such as those outlined above can be put in place. Advice will be sought from the designated officer, police and/or children's social care services, as appropriate
- Where the case manager is concerned about the welfare of other children in the community or the individual's family, they will discuss these concerns with the DSL and make a risk assessment of the situation. If necessary, the DSL may make a referral to children's social care
- If immediate suspension is considered necessary, agree and record the rationale for this with the designated officer. The record will include information about the alternatives to suspension that have been considered, and why they were rejected. Written confirmation of the suspension will be provided to the individual facing the allegation or concern within 1 working day, and the individual will be given a named contact at the school and their contact details

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

- If it is decided that no further action is to be taken in regard to the subject of the allegation or concern, record this decision and the justification for it and agree with the designated officer what information should be put in writing to the individual and by whom, as well as what action should follow both in respect of the individual and those who made the initial allegation
- If it is decided that further action is needed, take steps as agreed with the designated officer to initiate the appropriate action in school and/or liaise with the police and/or children's social care services as appropriate
- Provide effective support for the individual facing the allegation or concern, including appointing a named representative to keep them informed of the progress of the case and considering what other support is appropriate.
- Inform the parents or carers of the child/children involved about the allegation as soon as possible if they do not already know (following agreement with children's social care services and/or the police, if applicable). The case manager will also inform the parents or carers of the requirement to maintain confidentiality about any allegations made against teachers (where this applies) while investigations are ongoing. Any parent or carer who wishes to have the confidentiality restrictions removed in respect of a teacher will be advised to seek legal advice
- Keep the parents or carers of the child/children involved informed of the progress of the case (only in relation to their child – no information will be shared regarding the staff member)
- Make a referral to the DBS where it is thought that the individual facing the allegation or concern has engaged in conduct that harmed or is likely to harm a child, or if the individual otherwise poses a risk of harm to a child

We will inform Ofsted of any allegations of serious harm or abuse by any person living, working, or looking after children at the premises (whether the allegations relate to harm or abuse committed on the premises or elsewhere), and any action taken in respect of the allegations. This notification will be made as soon as reasonably possible and always within 14 days of the allegations being made.

If the school is made aware that the secretary of state has made an interim prohibition order in respect of an individual, we will immediately suspend that individual from teaching, pending the findings of the investigation by the Teaching Regulation Agency.

Where the police are involved, wherever possible the school will ask the police at the start of the investigation to obtain consent from the individuals involved to share their statements and evidence for use in the school's disciplinary process, should this be required at a later point.

Additional considerations for supply teachers and all contracted staff

- If there are concerns or an allegation is made against someone not directly employed by the school, such as a supply teacher or contracted staff member provided by an agency, we will take the actions below in addition to our standard procedures.
- We will not decide to stop using an individual due to safeguarding concerns without finding out the facts and liaising with our LADO to determine a suitable outcome

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

- The governing board will discuss with the agency whether it is appropriate to suspend the individual, or redeploy them to another part of the school, while the school carries out the investigation
- We will involve the agency fully, but the school will take the lead in collecting the necessary information and providing it to the LADO as required
- We will address issues such as information sharing, to ensure any previous concerns or allegations known to the agency are taken into account (we will do this, for example, as part of the allegations management meeting or by liaising directly with the agency where necessary)

When using an agency, we will inform them of our process for managing allegations, and keep them updated about our policies as necessary, and will invite the agency's HR manager or equivalent to meetings as appropriate.

Timescales

- We will deal with all allegations as quickly and effectively as possible and will endeavour to comply with the following timescales, where reasonably practicable:
- Any cases where it is clear immediately that the allegation is unsubstantiated or malicious should be resolved within 1 week
- If the nature of an allegation does not require formal disciplinary action, appropriate action should be taken within 3 working days
- If a disciplinary hearing is required and can be held without further investigation, this should be completed within the shortest timescales possible.

However, these are objectives only and where they are not met, we will endeavour to take the required action as soon as possible thereafter.

Please refer to the school's disciplinary policy for more information.

Specific actions

Action following a criminal investigation or prosecution

The case manager will discuss with the local authority's designated officer whether any further action, including disciplinary action, is appropriate and, if so, how to proceed, taking into account information provided by the police and/or children's social care services.

Conclusion of a case where the allegation is substantiated

If the allegation is substantiated and the individual is dismissed or the school ceases to use their services, or the individual resigns or otherwise ceases to provide their services, the school will make a referral to the DBS for consideration of whether inclusion on the barred lists is required.

If the individual concerned is a member of teaching staff, the school will consider whether to refer the matter to the Teaching Regulation Agency to consider prohibiting the individual from teaching.

Individuals returning to work after suspension

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

If it is decided on the conclusion of a case that an individual who has been suspended can return to work, the case manager will consider how best to facilitate this. The case manager will also consider how best to manage the individual's contact with the child or children who made the allegation, if they are still attending the school.

Unsubstantiated, unfounded, false or malicious reports

If a report is:

- Determined to be unsubstantiated, unfounded, false or malicious, the DSL will consider the appropriate next steps. If they consider that the child and/or person who made the allegation is in need of help, or the allegation may have been a cry for help, a referral to children's social care may be appropriate
- Shown to be deliberately invented, or malicious, the school will consider whether any disciplinary action is appropriate against the individual(s) who made it

Unsubstantiated, unfounded, false or malicious allegations

If an allegation is:

- Determined to be unsubstantiated, unfounded, false or malicious, the LADO and case manager will consider the appropriate next steps. If they consider that the child and/or person who made the allegation is in need of help, or the allegation may have been a cry for help, a referral to children's social care may be appropriate
- Shown to be deliberately invented, or malicious, the school will consider whether any disciplinary action is appropriate against the individual(s) who made it.

Confidentiality and information sharing

The school will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered. The case manager will take advice from the LADO, police and children's social care services, as appropriate, to agree:

- Who needs to know about the allegation and what information can be shared
- How to manage speculation, leaks and gossip, including how to make parents or carers of a child/children involved aware of their obligations with respect to confidentiality
- What, if any, information can be reasonably given to the wider community to reduce speculation
- How to manage press interest if, and when, it arises

Record-keeping

The case manager will maintain clear records about any case where the allegation or concern meets the criteria above and store them on the individual's confidential personnel file for the duration of the case. The records of any allegation that, following an investigation, is found to be malicious or false will be deleted from the individual's personnel file (unless the individual consents for the records to be retained on the file). For all other allegations (which are not found to be malicious or false), the following information will be kept on the file of the individual concerned:

- A clear and comprehensive summary of the allegation

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

- Details of how the allegation was followed up and resolved
- Notes of any action taken, decisions reached and the outcome
- A declaration on whether the information will be referred to in any future reference

In these cases, the school will provide a copy to the individual, in agreement with children's social care or the police as appropriate.

Where records contain information about allegations of sexual abuse, we will preserve these for the Independent Inquiry into Child Sexual Abuse (IICSA), for the term of the inquiry. We will retain all other records at least until the individual has reached normal pension age, or for 10 years from the date of the allegation if that is longer.

References

When providing employer references, we will:

- Not refer to any allegation that has been found to be false, unfounded, unsubstantiated or malicious, or any repeated allegations which have all been found to be false, unfounded, unsubstantiated or malicious
- Include substantiated allegations, provided that the information is factual and does not include opinions

Learning lessons

After any cases where the allegations are *substantiated*, the case manager will review the circumstances of the case with the local authority's designated officer to determine whether there are any improvements that we can make to the school's procedures or practice to help prevent similar events in the future. This will include consideration of (as applicable):

- Issues arising from the decision to suspend the member of staff
- The duration of the suspension
- Whether or not the suspension was justified
- The use of suspension when the individual is subsequently reinstated. We will consider how future investigations of a similar nature could be carried out without suspending the individual

For all other cases, the case manager will consider the facts and determine whether any improvements can be made.

Non-recent allegations

Abuse can be reported, no matter how long ago it happened. We will report any non-recent allegations made by a child to the LADO in line with our local authority's procedures for dealing with non-recent allegations. Where an adult makes an allegation to the school that they were abused as a child, we will advise the individual to report the allegation to the police.

6.2 Concerns that do not meet the harm threshold

- This section applies to all concerns (including allegations) about members of staff, including supply teachers, volunteers and contractors, which do not meet the harm threshold set out in section 1 above. Concerns may arise through, for example:

(Last Updated: September 2023)

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

- Suspicion
- Complaint
- Safeguarding concern or allegation from another member of staff
- Disclosure made by a child, parent or other adult within or outside the school
- Pre-employment vetting checks

We recognise the importance of responding to and dealing with any concerns in a timely manner to safeguard the welfare of children.

Definition of low-level concerns

The term 'low-level' concern is any concern – no matter how small – that an adult working in or on behalf of the school may have acted in a way that:

- Is inconsistent with the staff code of conduct, including inappropriate conduct outside of work, and
- Does not meet the allegations threshold or is otherwise not considered serious enough to consider a referral to the designated officer at the local authority

Examples of such behaviour could include, but are not limited to:

- Being overly friendly with children
- Having favourites
- Taking photographs of children on their mobile phone
- Engaging with a child on a one-to-one basis in a secluded area or behind a closed door
- Humiliating pupils

Sharing low-level concerns

We recognise the importance of creating a culture of openness, trust and transparency to encourage all staff to confidentially share low-level concerns so that they can be addressed appropriately. We will create this culture by:

- Ensuring staff are clear about what appropriate behaviour is, and are confident in distinguishing expected and appropriate behaviour from concerning, problematic or inappropriate behaviour, in themselves and others
- Empowering staff to share any low-level concerns
- Empowering staff to self-refer
- Addressing unprofessional behaviour and supporting the individual to correct it at an early stage
- Providing a responsive, sensitive and proportionate handling of such concerns when they are raised
- Helping to identify any weakness in the school's safeguarding system

Responding to low-level concerns

If the concern is raised via a third party, the headteacher will collect evidence where necessary by speaking:

- Directly to the person who raised the concern, unless it has been raised anonymously

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

- To the individual involved and any witnesses

The headteacher will use the information collected to categorise the type of behaviour and determine any further action, in line with the school's staff code of conduct. The headteacher will be the ultimate decision-maker in respect of all low-level concerns, though they may wish to collaborate with the DSL.

Record keeping

All low-level concerns will be recorded in writing. In addition to details of the concern raised, records will include the context in which the concern arose, any action taken and the rationale for decisions and action taken. Records will be:

- Kept confidential, held securely and comply with the DPA 2018 and UK GDPR
- Reviewed so that potential patterns of concerning, problematic or inappropriate behaviour can be identified. Where a pattern of such behaviour is identified, we will decide on a course of action, either through our disciplinary procedures or, where a pattern of behaviour moves from a concern to meeting the harms threshold as described in section 1 of this appendix, we will refer it to the designated officer at the local authority
- Retained at least until the individual leaves employment at the school

Where a low-level concern relates to a supply teacher or contractor, we will notify the individual's employer, so any potential patterns of inappropriate behaviour can be identified.

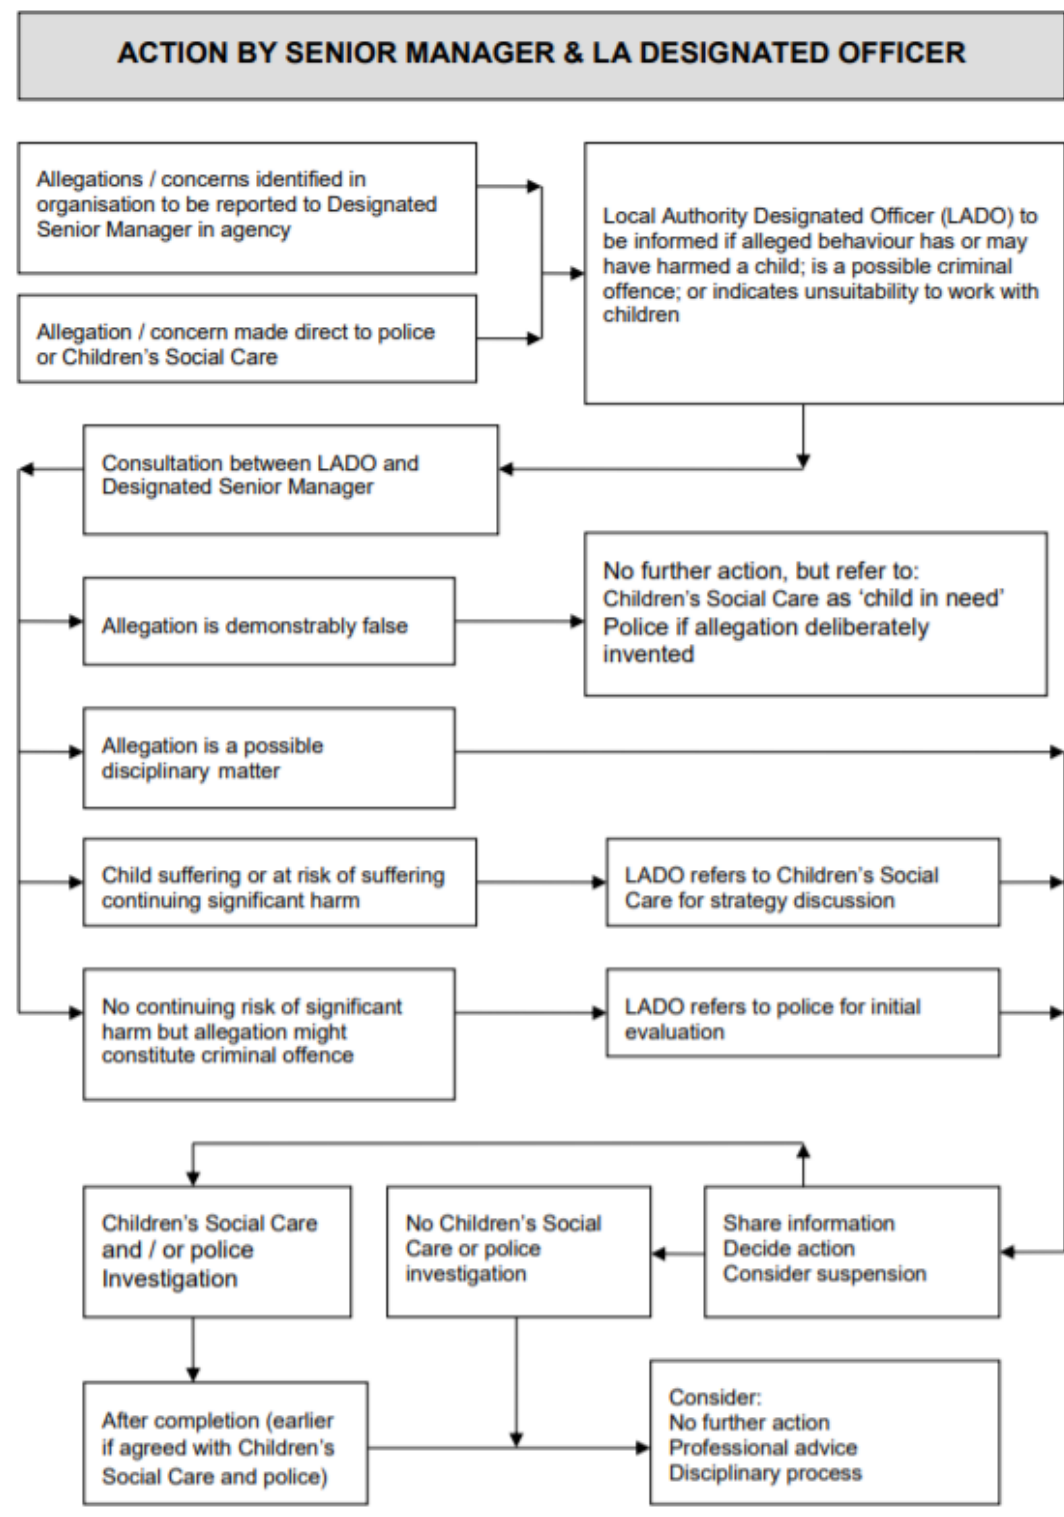

References

We will not include low-level concerns in references unless:

- The concern (or group of concerns) has met the threshold for referral to the designated officer at the local authority and is found to be substantiated; and/or
- The concern (or group of concerns) relates to issues which would ordinarily be included in a reference, such as misconduct or poor performance

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

Flow chart to support:

(Last Updated: September 2023)

Carfield Primary School Child Protection and Safeguarding Policy 2023/2024

Section 7: Management of the Policy

All governors need to be effective in their management of safeguarding. The governing body will ensure:

- All staff, including governors and volunteers, have read the policy
- That it is displayed on the school's/college's website
- The implementation of the policy
- The safeguarding policy is reviewed as necessary, always following a serious incident and at least once a year.
- The policy will be reviewed by the DSL, headteacher and governors. Staff and pupil voice will also be considered when reviewing the policy.

The Headteacher will report termly on safeguarding activity and progress to the Governing Body.

The DSL will complete the S175 Safeguarding Audit and with an Action Plan which will be used to report on safeguarding activity and progress. A copy of which will be submitted to the local authority. This will be held on file and reported to the Sheffield Safeguarding Children's Partnership.

The Head Teacher should report any significant issues to the Chair of the Governing Body that may have an impact on safeguarding in the school and using the normal protocols to inform the local authority if deemed necessary.

1.1.1 Appendix 1: types of abuse

Abuse, including neglect, and safeguarding issues are rarely standalone events that can be covered by 1 definition or label. In most cases, multiple issues will overlap.

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Emotional abuse may involve:

- › Conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person
- › Not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate
- › Age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction
- › Seeing or hearing the ill-treatment of another
- › Serious bullying (including cyber-bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve:

- › Physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing
- › Non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet)

Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse.

Once a child is born, neglect may involve a parent or carer failing to:

- › Provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- › Protect a child from physical and emotional harm or danger
- › Ensure adequate supervision (including the use of inadequate care-givers)
- › Ensure access to appropriate medical care or treatment

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.
